THIS IS TO CERTIFY, that SAMUEL A. & PATRICIA G. LAYTON
of Grandview, Idaho, has complied with the terms and conditions of Permit
No. 02-2275 issued pursuant to Application for Permit dated February 12, 1964,
and has submitted proof to the Department of Water Resources on January 20, 1975,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 7.32 cfs of water from Snake River,
tributary to Columbia River, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Subject, however, to the condition that no more than 4.38 cfs of water be diverted at any one time, and that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed 1095 acre feet per year, said waters to be diverted within the SE 1/4, Sec. 34, Twp. 5S, Rge. 4E, B.M. in the County of Owyhee

RE: Snake River Basin Adjudication (SRBA)
Notice of Claim to a Water Right #2-2275

Dear Craig,

I have taken two approaches to show the irrigated acres with a water right you wanted that we discussed when we met March 1, 2005. You may choose to submit only one or both claims.

The amended claim for #2-2275 adds 69 acres to the place of use, as you requested. If you submit this claim, the filing fee is \$69 that must be submitted with the claim. You would not have to file the amendment, if you choose only the second claim.

I'm sending you a draft of a second claim which sets the additional 69 acres as a separate water right. The field examiner stated in the license file 1977 photography was used as a base to conclude only the 219 acres were developed under 2-2275. This second claim could have a priority date between 1978 and 1987 that would cover the acres but effectively add no water beyond the diversion for 2-2275. If you submit this claim alone, the filing fee is \$69 for the acreage fee plus \$50 for the claim fee for a total of \$119. Covering your bases with both claims would mean \$69 for amending 2-2275 and \$50 for the second claim since the acre fee would be paid with the amendment of 2-2275.

The priority date must be completed, and you may alter any other element shown on the claim. Each claim is yours and should not be regarded as endorsed by IDWR.

Thanks for your assistance on Tuesday. I appreciate the time you and your folks took to help IDWR get the best information on the water rights.

Sincerely,

Donald V. Shaff, Manager
Adjudication Technical Section

RE: Licensing Corrections?

Craig W. visited office today to discuss options to correct above license - he thinks they were licensed in error. The time to reconsider license has long ~~past~~ passed.

Options might include:

1) Petition Iowa to reconsider license - hearing.

The Dept. is holding a similar hearing for Magic West reconsideration of license next month (61-07189).

2) If an error was made & the overlooked wage pre-dates 5/1/97, can consider B.U. claim in SRBA to make up the difference.

3) As in #2 but post-dates 1/97 cutoff, can consider

a) transfer of some other wage to cover the deficit, or

b) New Appl. for permit. This last option is problematic since new inv. right between June Fall & Miller would be difficult to establish.

Identify water right(s) for which extension is requested

State why an extension of time is requested explaining how a diligent effort has been made to meet the deadline:

When we first received the announcement for the General Adjudication, we called the Idaho Department of Water Resources in Boise and was told that we didn't have to worry if we were paying Bybee. We could find no record of a water right. Then last October, 1995, my sister-in-law in Arizona sent a bunch of papers from my deceased fathers filing cabinet. The doriginal water license was enclosed. It was at that point that we contacted the Idaho Dept. of Water resorces and obtained the paper work enclosed.

Claimant requests an extension to January 31, 19 98

Re: 02-2275

Dear Mr. & Mrs. Layton:

Nearly a year ago you should have received a letter encouraging you to file a water right claim in the Snake River Adjudication. To date that claim has not been received.

The legal deadline to file this claim was June 22, 1981. If the claim is not filed you risk losing this water right developed by Delbert C. Layton who was joined into this adjudication, a water rights law suit.

If you own or have an interest in the land to which this water right belongs, please return the enclosed claim by February 7th with a \$10 filing fee after signing the form before a notary public. Should you have any questions about this matter, please contact me.
