Subject: Enlargement claim

This is a claim for the enlargement of water rights 74-340A and 74-340B. Both rights were previously decreed in the Lemhi adjudication.

The claimed priority date for the enlargement is 1983. An affidavit submitted with the claim supports some additional irrigation from the 1950's, but the subject acres are not identified. The aerial photography available to IDWR is inconclusive as to irrigation under this claim. No additional acres can be identified using the available information.

The enlargement claim 74-15656 will not be recommended for decree in the SRBA.
