To: 2-2401, 2-2401A, 2-2401B
From: Scott King 
Date: August 8, 2003

Subject: Recommendations

It appears that both Echevarria and FMHA filed claim to 2-2401. The claim was split into parts A & B by our data entry due to the duplicate filings of Richard Echevarria and USDA Farm Service Agency (FMHA). Both parties claimed the right in full.

Two items convinced me that the property is now owned by Echevarria, including the Owyhee County taxlot shapefile, and in 57-7265, an assignment of permit from FMHA to Echevarria dated December 2000. The 57-7265 permitted POU overlaps the complete POU of 2-2401.

Thus, the root right 2-2401 is recommended in full in the name of Echevarria. 2-2401A & 2-2401B are disallowed, recommended as right no 2-2401.

Claimant(s):

During normal review and filing of the Notice of Claim to a Water Right listed above, we found that two claims have been filed on the same existing water right.

In order to show both claims having been filed for the same existing water right, we have re-numbered your claim with either an A or a B suffix indicated after the original water right number. Enclosed is a computer generated copy of your claim showing this new suffix. Also enclosed is a copy of the other claim filed for this existing water right.

Prior to submitting these claims to the Court for decree, the Department will research and require proof of ownership to determine the present owner of the place of use shown on the existing water right for which these claims were filed. We will contact you at that time for this evidence, however, if the ownership can be clarified at this time, please feel free to contact this office either in writing or by phone.

Sincerely,

Adjudication Staff
