RE: 2-4006B

Misty Mount

I would like to set up a time and date to meet with you or another IDWR employ to go over my water right that is being adjudicated this year. I can either come over to the Boise office or you can come to my property in question so you can see in person the situation.

I don't agree with the total acres or the total amount of diversion and I think that if we sit down we can come to some kind of answer to my problem.

I will be out of town the last part of Oct. (17-31) but after that any time I can meet you.

Thank you in advance,

Gardner Brown

In the matter of the claim to water rights of Claude C. and Dorothy R. Griggs on land located on the North side and adjacent to Snake River in the Southwest Quarter and the Northwest Quarter of the Northeast Quarter of Section 3 and in the Southeast Quarter of the Northwest Quarter of Section 32, Township Five South, Range Ten East, Boise Meridian, Elmore County, Idaho:

TO WHOM IT MAY CONCERN:

I was born in Tacoma, Washington, in 1901, and was brought to Glenns Ferry by my mother when I was one month old. My father was the traveling Engineer for Union Pacific Railroad, and we lived in a home on the bench overlooking Snake River and the above described property.

For many years this property was not privately owned, and was used by several Indian tribes for encampment, and I clearly remember the excitement when the Indians came and many of us would go down and play with the Indian children and go in and out of the tences. My mother became good friends with one particularly nice Indian woman, and we were sorry when they ceased to camp in Glenns Ferry.

This caused Mr. D. W. Martin began to develop the property around 1916, having it surveyed, cleared, built a home and barn, and in 1920 he built a pumphouse and installed a gasoline motor, with which he pumped water from Snake River to irrigate his pasture.

Since that time, there have been several owners: Lee Nichols, Claude Johnson, Brent Taylor and the present owner, Claude Griggs, who have all used Snake River water for irrigating the property. An electric pump replaced the gasoline pump in 1960, the new pump being installed by Johnson.

Since that

In the matter of the claim to water rights of Claude S. and Dorothy K. Griggs on land located on the North side and adjacent to Snake River in the South-west Quarter and the Northwest Quarter of the Northeast Quarter of Section 32 and in the Southeast Quarter of the Northwest Quarter of Section 32, Township Five South, Range Ten East, Boise Meridian, Elmore County, Idaho:

TO WHOM IT MAY CONCERN:

I was born in Nampa, Idaho, on November 25, 1912, and moved to Glens Ferry with my parents who purchased a home at 215 East Snake River Avenue. This residence overlooks the Snake River and the above described property.

I lived at this location with my parents until the time I established my own home. In 1943 I purchased the home from my mother and have resided here since that time.

The above described acreage was originally owned by S. W. Martin, and my first recollection goes back prior to the time it was developed. It was uncultivated, not fenced and did not have house or buildings on it.

Mr. Martin began to develop the property before I was old enough to go to school, and I remember following the surveyors around. After they had completed their work for the day, I pulled up the stakes and took them home. This caused me some problems, but it did impress my memory to the extent that I remember the property being surveyed.

As a youngster, I watched the building of the Martin home and other buildings, and distinctly remember Mr. Martin building a pump house at the East end of the property and adjacent to Snake River. This is the pump house now in use by the present owner, Claude Griggs. My recollection is that by that time I was just starting school, and used to follow Mr. Martin around a lot while he worked. Mr. Martin owned and operated a Jewelry Store in Glens Ferry, and I clearly remember that he would irrigate his land in the evening after store hours. This irrigation water was run from the Snake River by a gasoline pump, and these events occurred prior to 1920.

Since that time, the property has been owned by various individuals, the Martins first used Snake River water in or before 1920, and it has been in constant use since then by Lee Nichols, Claude Johnson, Brent Taylor and Claude Griggs.

MEMORANDUM

November 28, 1994

TO: Transfer 4491, A02-4006A, A02-04006B, 02-07235

FROM: Cindy Hodges

RE: Statutory Claim No. 02-04006

As I was reviewing application for transfer 4491, I found evidence in SRBA filing No. A02-4006B (Griggs) that the above-referenced claim may not in fact be appurtenant to lands claimed in A02-04006A, and included in transfer filing.

Statutory claim 02-04006 was filed by Brent Taylor, showing a 1960 priority date for 18 undefined acres in NENE and NWNE Section 32. During SRBA claimstaking, A02-04006A was filed by Stone, claiming 6 of the original 18 acres (in NENE S32). A02-07235 was also filed by Stone, based on a 1986-issued license. Both claims were changed into the name of Andrews in February 1994. Schroeder purchased a 3.6 acre parcel from Andrews and filed the transfer based on portions of the two Andrews claims.

SRBA claim A02-04006B, filed by Griggs, claims all 18 acres under 02-04006 at an identified place of use which is to the west of Schroeder's/Andrews' lands. The claim states that a legal description error and incorrect priority date existed in the original filing. A02-04006B was filed with an earlier priority date and with copies of affidavits supporting both priority and ownership. Affidavits state that the land owned by Griggs was previously owned by Brent Taylor. (Assisting SRBA agent notes that Griggs also filed a similar claim in the 02 adjudication and the original affidavits are in the 02 file.) Proof report of A02-04006B w/ copies of affidavits are attached.

If affidavits are upheld, the filing of A02-04006A by Stone may not be a valid claim. The use of license 02-07235 on Stone's (subsequently Andrews and Schroeder) land is not questioned. The use of both 02-04006 and 02-07235 on the same lands is questionable, as this would provide 3 miner's inches per acre, far in excess of that which may be beneficially used. It is also not clear from claim A02-04006A which 6 acres the Stone filing is in reference to. These two facts do not lend any additional credibility to the filing.

In order that the transfer proceed without delays, Mr. Schroeder agreed to delete A02-04006A from the application. For future transfer applications, which are possible because the Andrews have subdivided into several parcels, license 02-07235 is clearly appurtenant to lands in Lot 1 (NENE) Sec 32 and NWNW Sec 33, but any claims to 02-04006 for the same lands have not been substantiated.

Re: RECOMMENDATION VS. FIELD INSPECTION

JAN GROVER CONFIRMED TODAY THERE ^{WERE} ERRORS
IN HER FIELD INSPECTION FINDINGS -- CFS RECOMMENDED
AND IRRIGATED ACRES.

THE 1974 OQ PHOTO SHOWS ABOUT 13 ACRES
IRRIGATED FROM THIS DIVERSION. THERE IS NO
SUPPORTING DOCUMENTS OR OTHER INFORMATION
TO JUSTIFY A DIVERSION RATE GREATER THAN
.02 CFS PER ACRE. THE COURTS HAVE FOUND
A DIVERSION CAPACITY DOES NOT NECESSARILY EQUAL
THE EXTENT OF BENEFICIAL USE. BOTH ITEMS
ARE REDUCED FROM THE FIELD REPORT.

DEPARTMENT OF RECLAMATION
CLAIM TO A WATER RIGHT

Established by Diversion and Application to Beneficial Use

Under the provisions of Section 42-225a, Idaho Code, a person may file a claim to a right to use water which has been established by diversion and application to beneficial use. The filing of this claim does not confirm the water right but will serve for information purposes only. It may, however, become the basis for future adjudication of the water right by the Court.

(Please refer to the instructions on the back of this form)

1. Name of claimant BRENT TAYLOR
post office address 306 East Snake River, Glenns Ferry, Idaho
2. The point of diversion is in NE $\frac{1}{4}$ of NE $\frac{1}{4}$ Section 32 Township 5 South
Range 10 East B.M. located on Snake River
(name of source)

tributary to _____ in Elmore County.

3. Dates of priority claimed: list the priority for each separate quantity that you claim. Priority dates should be based upon the earliest diversion of the water which has resulted in continued beneficial use since that time. If there has been an interval of five years or greater when the water was not beneficially used for the same purpose as originally appropriated, the priority that you claim should date from the time that the water was again beneficially applied following the period of non-use.

a. Date of priority claimed: April 1, 1960

_____ amount: 72 [✓] c.f.s. or _____ acre feet *see letter of 8-6-61*
_____ amount: _____ c.f.s. or _____ acre feet
_____ amount: _____ c.f.s. or _____ acre feet
Total claimed _____ c.f.s. or _____ acre feet.

- b. Explain the purpose for which the water has been used and the time during the year when you have used the right claimed:

use irrigation period of use from April 1 to Nov. 1 / each year (both dates inclusive)
use _____ period of use from _____ to _____ (both dates inclusive)
use _____ period of use from _____ to _____ (both dates inclusive)
use _____ period of use from _____ to _____ (both dates inclusive).

4. Description of diverting works:

a. Surface water diversion dam and/or headgate: material is composed of _____
_____; length is _____ feet; height is _____ feet;
width at bottom is _____ feet; with at top is _____ feet; explain any increase in diversion capacity since structure was first built, giving dates and estimated capacities if known Water is pumped from Snake River by means of 20-horsepower electric motor and pump, with a capacity of 90 inches per minute, conveyed to the highest ground by 6 inch steel pipe and irrigated by gravity flow from that point.

b. Underground water diverting works: is well flowing or pumped _____; depth of well is _____ feet; diameter of well is _____ inches; type of pump is _____
capacity of pump is _____ g.p.m.; name and address of well driller is _____
_____;

_____, if so, give dates and explain _____

location of reservoir by 40-acre subdivisions _____

has there been any enlargement of the reservoir since it was first built _____, if so, give dates and describe _____

describe _____

5. a. Where water is used for irrigation, describe area irrigated by 40-acre subdivisions and give total acres:

[illegible]

Total number of acres to be irrigated 18

Explain any significant increase in area irrigated since first use, give dates and acreages if known. The land involved requires 2 inches of water per acre to produce a proper crop

In the matter of the claim to water rights of Claude C. and Dorothy R. Griggs on land located on the North side and adjacent to Snake River in the South-west Quarter and the Northwest Quarter of the Northeast Quarter of Section 32 and in the Southeast Quarter of the Northwest Quarter of Section 32, Township Five South, Range Ten East, Boise Meridian, Elmore County, Idaho:

TO WHOM IT MAY CONCERN:

I was born in Nampa, Idaho, on November 25, 1912, and moved to Glenns Ferry with my parents who purchased a home at 215 East Snake River Avenue. This residence overlooks the Snake River and the above described property.

I lived at this location with my parents until the time I established my own home. In 1943 I purchased the home from my mother and have resided here since that time.

The above described acreage was originally owned by D. W. Martin, and my first recollection goes back prior to the time it was developed. It was uncultivated, not fenced and did not have house or buildings on it.

Mr. Martin began to develop the property before I was old enough to go to school, and I remember following the surveyors around. After they had completed their work for the day, I pulled up the stakes and took them home. This caused me some problems, but it did impress my memory to the extent that I remember the property being surveyed.

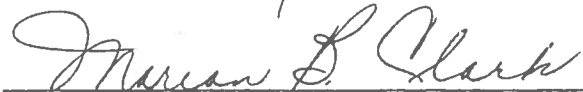

As a youngster, I watched the building of the Martin home and other buildings, and distinctly remember Mr. Martin building a pump house at the East end of the property and adjacent to Snake River. This is the pump house now in use by the present owner, Claude Griggs. My recollection is that by that time I was just starting school, and used to follow Mr. Martin around a lot while he worked. Mr. Martin owned and operated a Jewelry Store in Glenns Ferry, and I clearly remember that he would irrigate his land in the evening after store hours. This irrigation water was pumped from the Snake River by a gasoline pump, and these events occurred prior to 1920.

Since that time, the property has been owned by various individuals, the Martins first used Snake River water in or before 1920, and it has been in constant use since then by Lee Nichols, Claude Johnson, Brent Taylor and Claude Griggs.

TO WHOM IT MAY CONCERN:

I was born in Tacoma, Washington, in 1901, and was brought to Glenns Ferry by my mother when I was one month old. My father was the Traveling Engineer for Union Pacific Railroad, and we lived in a home on the bench overlooking Snake River and the above described property.

For many years this property was not privately owned, and was used by several Indian tribes for encampment, and I clearly remember the excitement when the Indians came and many of us would go down and play with the Indian children and go in and out of the tepees. My mother became good friends with one particularly nice Indian woman, and we were sorry when they ceased to camp in Glenns Ferry.

Mr. D. W. Martin began to develop the property around 1916, having it surveyed, cleared, built a home and barn, and in 1920 he built a pumphouse and installed a gasoline motor, with which he pumped water from Snake River to irrigate his pasture.

Since that time, there have been several owners: Lee Nichols, Claude Johnson, Brent Taylor and the present owner, Claude Griggs, who have all used Snake River water for irrigating the property. An electric pump replaced the gasoline pump in 1960, the new pump being installed by Johnson.
