CONVERSATION MEMORANDUM

SUBJECT: Irrigation evidence for N1/2NW1/4, section 17, T03S, R01W

WHOM WITH: Mike Ehley representative for Jay Hulet

WATER RIGHTS: 02-7001

SENIOR AGENT: RON HOWERTON

DATE: August 13, 2002

NARRATIVE:

Mike submitted evidence today that irrigation occurred prior to 5 years of claim file date of 1989.

IRRIGATION EVIDENCE:

1) Three crop reports dated:

1987

1986 (Misabeled 1996) per Mike, he said it was an error because all crop reports are computerized after 1987. This was handwritten.

1985

2) Affidavit:

Jay Hulet added his testament dated August 12, 2002, that Snake River water had been used each and every one of the years since 1967 on the property listed above.

The 1987 NAPP photo was questionable for the above listed tracts. The information was needed, as Cynthia Clark from the Allocation Section at 1301 IDWR office is gathering and preparing information for putting portions of Hulet's Farm Management CO. water from the Snake River into the water bank.

The claim was amended and sent back with Mike to have Jay sign it.

This preliminary claim review is not intended for making a recommendation. It will serve now to provide the Allocations Section with enough evidence to do the water bank request.

The storage claim is 63 acres larger than the license. This is not considered an enlargement claim. Copied from IC 42-222 page 54:

The transfer of the right to the use of stored water for irrigation purposes shall not constitute an enlargement in use of the original right even though more acres may be irrigated, if no other water rights are injured thereby.

This storage claim will be reviewed later for any injury prior to any recommendation.
