Addendum to Notice of Change in Water Right Ownership

Section 5. Date you acquired the water rights and/or claims listed above:

The point of diversion and place of use for water right no. 51-02277 are located at Township 11 South, Range 4 East, Section 18, B.M., Owyhee County, Idaho. The State of Idaho acquired this land from the United States on April 3, 1922. Subsequently, the United States Forest Service obtained a license for this water right. Since this water right is appurtenant to State land, IDL has filed a claim for the water right in the SRBA and is filing this notice to change the ownership record.

Section 6. Required Documentation:

A map of water right no. 51-02277 is attached hereto as Exhibit A. Ownership of the subject State land is documented by a Land Patent Details document (attached hereto as Exhibit B) and the State Land Activity Report (attached hereto as Exhibit C).

Exhibit B, the Land Patent Details document, was obtained from the U.S. Department of Interior, Bureau of Land Management, General Land Office Records' website, <http://www.glorerecords.blm.gov>. The Land Patent Details document identifies land conveyed to the State of Idaho from the United States. The State land in question is referenced on page three of the Land Patent Details document.

Exhibit C, the State Land Activity Report, was obtained from the Idaho Department of Lands. The report indicates that the land in question is State endowment land managed for public schools.
