Addendum to Notice of Change in Water Right Ownership

Section 5. Date you acquired the water rights and/or claims listed above:

The point of diversion and place of use for water right no. 63-09577 are located at Township 1 North, Range 6 East, Section 23, B.M., Elmore County, Idaho. The State of Idaho acquired this land from the United States on February 21, 1980, through the Danskin land exchange. After the land exchange, the United States Forest Service obtained a license for this water right. Since this water right is appurtenant to State land, IDL has filed a claim for the water right in the SRBA and is filing this notice to change the ownership record.

Section 6. Required Documentation:

A map of water right no. 63-09577 is attached hereto as Exhibit A.

Ownership of the subject State land is documented by an Exchange Deed from the United States (attached hereto as Exhibit B) and the State Land Activity Report (attached hereto as Exhibit C). The Exchange Deed identifies land conveyed to the State of Idaho from the United States. The State Land Activity Report, obtained from the Idaho Department of Lands, indicates that the land in question is State endowment land managed for public schools.
