

Memo to File 22-13083

From: Carter Fritschle *CA*

Date: 11/27/2011

Adjudication claim 22-13083 was suppose to have been renumbered from adjudication claim 21-11057 in 1998, but was renumbered from adjudication claim 21-11507 instead.

Adjudication claims 21-11507 and 22-13083 were both reported for the same water use on United States Forest Service land, and the USFS received partial decrees under both claim numbers. The USFS has filed to abandon water right 22-13083.

Adjudication claim 21-11057 has now been renumbered to adjudication claim 22-14042, and that claim will be reported in a late claims Director's Report.
