Twin Falls, ID 83303-2707

Re: SRBA Subcase Nos. 47-39B and 47-44B.

Dear Ms. Delaney:

In reference to the above Subcases and pursuant the Amending Order Setting Deadlines issued by Special Master Booth on January 29, 2010, Amended Director's Reports dated June 28, 2010 were submitted by the IDWR with the Court. These Amended Director's reports contain de minimis limits which are not applicable to these water rights. In addition, the place of use identified on the Amended Director's Reports was incomplete. For these reasons, the claimants filed Objections with the Court on July 23, 2010.

Attached to the July 23, 2010 Objections were amendments of each claim which, (i) identified the most current place of use, known by the claimants at the time, and (ii) removed the de minimis limit. These amended claims were then held by the IDWR pending the outcome of various federal and state authorizations that are necessary to authorize the stock water system to occupy federal and state land. These authorizations are now almost complete.

To complete the corrections to water right nos. 47-39B and 47-44B, the IDWR needs to issue its recommendations for the claims that were attached to the July 23, 2010 Objections. However, since the July 23, 2010 amendment of the claims, the parties to these Subcases have been working very closely to verify the accuracy of the places of use. As a result of this cooperation, there are 11 additional places of use that need to be added to the amended claims.

Attached are updated amended claims for each water right which contain the most current place of use. If you will please substitute the amended claims attached to the July 23, 2010 Objections with the enclosed amended claims. During the Continued Scheduling Conference set for Tuesday, December 4, 2012 at 9:30 am, we intend to discuss whether the Court will consider issuing an Order Setting Deadlines providing for the notice of the

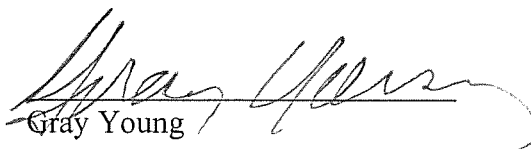

IDWR's recommendations for the attached claims in the next available docket sheet and to set a deadline for Objections to be filed these recommendations claims.

Sincerely,

Approved by Counsel

Vic Conrad, Director
Land, Water & Asset Recovery

Gray Young
