This document is produced to provide evidence of priority and to establish the historical date that water was first used for beneficial use from the well described in the notice of claim number A43-04107 by John (Jack) H. Wight P O Box 621 Malta Idaho 83342.

I, Eugene Ward, a resident of Malta Idaho all my life and having operated a ranch next to the property which was irrigated with the water from the well described in notice of claim number A43-04107, do have personal knowledge that the well mentioned in the above claim was first used to irrigate the land described in the above claim to raise hay July 30 1935. The water was pumped with a gasoline motor until electricity became available after Raft River Rural Electric Cooperative was formed.

RE: Snake River Basin Adjudication
Claims #A43-04107, A43-00158, A43-00159, A43-00160 - Cassia

Dear Mr. Wight:

We are forwarding to you data entered copies of the claims you filed for your property in Cassia County. During review of the claims it was noted that item #8 was blank on all four claims. For your legal description the Department recommends 3 acre feet per annum. You are claiming 60 acres of irrigated land on each of your claims, therefore your consumptive use would be 180 acre feet per annum. If this agrees with your actual usage please keep these copies of your claims in your files. However if this does not agree with your actual usage, please correct the amount and explain at Item #14, "Remarks". Then sign each claim you change, have your signature notarized and return the claim(s) as "Amended" to this office.

Do not hesitate to contact this office if you have any questions or concerns.

Regards,

Anna Baumhoff

RE: Evidence of Priority

RESPONSE DEADLINE

FEBRUARY 3, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. **The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit.** The Department will soon conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided supporting the priority date you have claimed.**

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

Please submit the required evidence supporting the priority date(s) by **February 3, 1992**, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.
Water Rights Supervisor

I called him to confirm the irrigation systems for the surface and groundwater rights. He indicated that the surface water rights were applied to the ground under a flood system and that the groundwater was applied through a sprinkler system.

He indicated that the well was approximately 200 yds west of the farmstead and against the road.

The Cassia creek diversion for this property is just east of Gene Ward's home. That same P/D is shared by Cedric Taylor for his rights (43-00285, 00284, & 00283.) John stated that Harry D Schaak is farming the Taylor property. (((In reviewing the Taylor claims I see that he claimed his P/D southwest of the location described by John.)))

John stated that there is another P/D about 100 yds east that delivers water to the 30 acres in the same qq. Sec 12, nwne.

P/D is south of Gene Ward's

Telephone conversation with Mr. Wight. Pumping system was developed in the late 40's to deliver 100 inches. In 1975, well was deepened and a sprinkler system was installed. The pump is driven by a 60-hp motor, but only requires a 30-hp and power demand is 25 kw. The irrigation system is 3 handlines, 32 birds per line, 9/64" nozzles, 70 psi at the well. He also flood irrigates the same ground by opening valves on the mainline and discharges at a lower pressure estimated at 20 psi. Water levels fluctuate over the season with SWL from 10 to 20 feet. Pump bowls are at 85 feet and occasionally suck air later in the season.

John Wight

Per telephone conversation 1/5/2000 2:00pm S. King

This property purchased from David Hutchison in 1947. Well ~~had a~~ and pump were smaller at that time, ~~pos~~ probably designed for 100" by pump installer. Open discharged.

In 1975, well was refurbished and deepened and sprinkler system was installed. Designed for 100".

Sprinklers: 3 lines (hand), 32 birds per
9/64" nozzles, 70psi at well,
Sprinklers little lower in elevation than
well (4-5 ft appx).

Well: Has 60 HP motor, but only needs a 30-hp
Power demand routinely 25 kW ($25 \div .746 = 33.5 \text{ IHP}$)
70psi discharge pressure to sprinklers.

Sometimes open discharges by opening
values on mainline, pressure appx 20psi.

Spring SWL at 10 ft

Summer/Fall SWL at 20 ft

Bowls at 85 ft

Occasionally pumps air later in season.

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

Notice is hereby given that John H. Wight
(Name of Claimant)

A claim is not acceptable on a ground water source with a priority later than March 25, 1963 or on a surface water source with a priority later than May 20, 1971. An exception is that a claim may be filed on single family domestic use from a ground water source.

(2) Describe the source of water: (Name of stream, lake, spring, etc., or ground water)

(3) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:
