RE: DATA ENTRY REMARK ERROR IN 43-13071, 43-13073, 43-13063, 43-10087, 43-2084, 43-2180, AND 43-2264.

Dear Tod:

Based on our telephone conversation, I have enclosed for your use two different forms for each right that are used in the SRBA. After reviewing the claims I found that claim groups could categorize the data entry errors. The remark errors are identical in the following groups;

1. 43-2084, 43-2180, and 43-2264. The quantity and the place of use remarks have the error.
2. 43-13071, 43-13063, and 43-10087. (Explanatory remarks are not decreed by the SRBA) Two quantity remarks and one place of use remark have the error
3. 43-13073. Two quantity remarks have the same typo error but one remark was duplicated. The duplicate remark is identified by the strike out feature. One place of use remark had the same typo error and a second remark included 5 rights that should not have been listed. They are identified by the strike out feature

The Standard Form 1 Objection Form (objection form) will alert the court that there is a problem --however small-- in the way IDWR recommended your water right. Please fill out the objection forms (one for each claim), noting item D 3 on page 2 concerning the quantity remark errors and item D 9 concerning the place of use remark errors. The explanatory remark errors are not to be identified. In item E on page 2, the reason(s) should probably be identified as a clerical error.

The objection forms need to be notarized and the originals sent to the SRBA Court before the close of the objection period on February 8, 2002. Please follow the instructions for mailing copies of the forms found on page 4, the Certificate of Mailing.

The Standard Form 5 (sf5) is the standard settlement agreement form used to resolve objections. Please review the enclosed sf5s carefully, especially the description (recommendation) of your water right (page 2 of the sf5). If the information contained in the sf5 forms meets with your approval, please sign the first page and initial the recommendation page. Please return the sf5 forms to IDWR in the envelope provided. After the objection period closes in February, IDWR will file the sf5 with the SRBA Court and send you a signed copy. If no other objections to your water rights are received, your rights will proceed to partial decree based on the corrected recommendations.

Should you have further questions on the recommendation of your rights, please call me at 208-736-3033 or contact me through the e-mail address below. For questions regarding the objection or settlement process, please contact Vicki Kelly, Paralegal, at 208-327-5458. Thank you for your assistance in this matter.

STANDARD FORM 5

**STIPULATED ELEMENTS OF A
WATER RIGHT**

This form is used to report the stipulated elements of one water right acquired under state law and/or one federal reserved water right. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; that they have been served with sufficient process, according to the law; and that they have appeared, prosecuted, and defended their positions with regard to this water right dispute.

The parties and IDWR agree and stipulate that the elements of this water right should be described per the attached. The parties and IDWR have further indicated their concurrence by initialing each of the attached pages.
