RE: Snake River Basin Adjudication (SRBA)
43-13119 *a portion of 43-415A*

Dear Chris,

Enclosed is a print out and GIS map of your portion of water right 43-415A from Clear Creek. This right has been re-numbered because of the split in water right ownership between you and Brian Hansen. Number 43-13120 was assigned to Hansen's portion of the right, which is appurtenant only to 18 acres directly south of the 38 acres outlined.

Please review the enclosed document and let me know if you have any questions. If not, this right will be recommended to the SRBA court as it now appears. Circumstances arose that temporarily delayed the issuance of our Director's Report to the Court. It appears that this issue will be resolved soon.

Sincerely,

Vikie Hancock

RE: Snake River Basin Adjudication (SRBA)
Claim Number: A43-00415A
Change of Ownership Notification
Application for Transfer

Dear Mr. and Mrs. Hansen:

We have received notice that Arimo Corporation conveyed the ownership of water right claim 43-00415A to you in deed dated April 24, 2000. This water right consists of 0.72 cfs of the waters of Clear Creek appurtenant to 38 acres in the NESW Section 17 and 18 acres in the SESW of Section 17. According to the deed submitted, Arimo intends to convey the entire 0.72 cfs, but only 18 of the irrigated acres. In order for the balance of this water to be moved from Arimo's 38 acres in the NESW Section 17 to property owned by you, you will need to file an Application for Transfer of place of use with IDWR. The change of ownership of claim 43-00415A can be accomplished during the Transfer process, also.

For your convenience, I am enclosing a print-out of claim 43-00415A as it now appears, and an Application for Transfer. You will need to contact an Allocation Agent in our office to assist you with the Transfer, as fees apply. If you have any questions regarding the above matters, please don't hesitate to call this office.

Sincerely,

Vikie Hancock

Change of Ownership Notification
Claim 43-00415A
Application for Transfer

Dear Mr. Robinson:

We have been notified that a change of ownership has occurred that splits original SRBA water right claim number A43-02386 into parts A and B. Please carefully review the enclosed document, which represents the portion conveyed to you from Brian Hansen in deed dated April 24, 2000. In addition, find enclosed a copy of the portion of claim A43-04130 that you retained in the real estate transaction between your company and Jodee Willett on April 21, 2000.

We also received notice that you wish to convey the ownership of water right claim 43-00415A to Brian Hansen. This water right consists of 0.72 cfs of the waters of Clear Creek appurtenant to 38 acres in the NESW Section 17 and 18 acres in the SESW of Section 17. According to the deed submitted, you intend to convey the entire 0.72 cfs, but only 18 of the irrigated acres, to the Hansens. In order for this water to be moved from the 38 acres in the NESW Section 17 to property owned by the Hansens, they will need to file an Application for Transfer of place of use with IDWR. The change of ownership of claim 43-00415A can be accomplished during the Transfer process, also.

I am informing Brian and Darla Hansen of the steps necessary to change the place of use of this water right. If you have any questions regarding the above matters, please don't hesitate to call this office.

Brian Hansen

Mr. Hansen called to tell me that he had been in contact with Christopher Robinson of Arimo. Robinson is willing to allow Hansen to transfer Clear Creek water from land owned by Arimo in Section 4 onto the acreage sold to Hansen in Sections 17 and 20. The right appurtenant to Section 4 was identified in IDWR's preliminary recommendation as 43-415B.

I informed Mr. Hansen that I would proceed to split right 43-415A between he and Arimo and he needed to file a transfer to move the water from Section 4 to his 80 acres.

43-415A will be split proportionately as follows:

Corey Skinner and I determined that 62 acres would need to be dried up in Section 4 to cover the portion of Hansen's 80 that did not have a water right. Christopher Robinson indicated to Brian Hansen that he had little interest in Clear Creek water. It was decided that I should correspond with Doug Freestone, Arimo ranch manager, to see how Clear Creek was used in Section 4 and what acreage they would most probably want to be left there under Arimo's portion of 43-415B after the transfer.

Regarding:

Brian Hanson

Brian Hansen came into the office to discuss his purchase of the above water right from Arimo Corporation. He met with me and with Corey Skinner, water allocation agent.

Mr. Hansen purchased, through trade, 80 acres in the SESW Sec 17 and NENW Sec 20 from Arimo Corp. in April 2000. Along with this 80 acres, he was deeded .72 cfs of Clear Creek water represented by AJ claim 43-415A. The referenced water right/claim is appurtenant to land as follows: 18 acres SESW Sec 17, 38 acres NESW Sec 17. There are no water rights of record appurtenant to the NENW of Section 20. Mr. Hansen traded 40 acres and .72 cfs of licensed ground water for these 80 acres.

Corey and I discussed options with Mr. Hansen, as the transfer of water from the SESW Sec 17 was complicated by an overlapping ground water right. It was further complicated by the fact that, prior to the purchase of the land by Arimo, the original owner had filed Adjudication claims that asserted an accomplished transfer of all but 18 acres of the Clear Creek right that had been originally decreed to the 80 acres Hansen later purchased.

We asked Mr. Hansen to describe the water use on the 80 acres he purchased. He said that first of all, no Clear Creek water was ever available as Reid Stewart took all of it at his diversion up stream. He said that for the last 8 or so years, the land had been irrigated using the Arimo well in section 17 (NWSWNW, aka #44) and with his well in section 18 (SWSWNE). He said that he had leased the land from Arimo and farmed it.

Mr. Hansen proposed several ways that he could expand into that 80 acres with ground water that he wasn't using on his adjacent land. Corey explained the fine points of expansion and that it was allowed only for those acres developed prior to 1987. He explained that an acre for acre trade was now going to be needed to get ground water onto the 80. We looked at 1962 aerial photos showing that the land was not well irrigated before the critical GW area was put into force and mandatory permit statutes implemented.

Some of the options mentioned at our meeting:

- 1) File an application for transfer of the 38 acres on the NESW Sec 17 represented by 43-415A onto the SESW Sec 17 and NENW Sec 20 purchased by Hansen, and see if it is approved.
- 2) Attempt, with Arimo's approval, to transfer a portion of 43-415B from section 4 back onto the 80 acres Hansen purchased which would at least satisfy the cfs mentioned in the deed.
- 3) Subsequent to transferring Clear Creek back onto the property, transfer ^{Ground} water onto the 80 by drying up other acres.
- 4) Subsequent to transferring Clear Creek back onto the property, trade it to Reid Stewart who has working diversion works from Clear Creek and could more probably utilize CC on the property.
- 5) Giving Arimo back their 80 acres and getting financial satisfaction for the 40 acres traded.

I encouraged Mr. Hansen to talk to Chris Robinson of Arimo and possibly Reid Stewart about some ways they may come up with to get water on the property. I cautioned him to discuss any options with Corey or myself to make sure that it would be approved by the Department before agreeing to anything.

This case is a dispute between several water rights holders on Clear Creek in the state of Idaho. The SRBA court has jurisdiction because the case requires a determination of one or more elements of the disputed water rights. *Young Harvey Walker v. Big Lost River Irrigation District*, 856 P. 2d 868, 124 Idaho 78 (1993). During the course of litigation, it has become apparent that trial

of the several water rights at issue is likely to result in duplicative litigation when the Clear Creek Stream System is reported in a Director's Report as part of the SRBA.

To avoid a multiplicity of litigation between these and other parties on Clear Creek, this court enters the following order:

1. The Idaho Department of Water Resources shall prepare a preliminary Director's Report for all, approximately thirty, water rights claimed in the Snake River Basin Adjudication on Clear Creek. This report shall be prepared and submitted to the court on or before February 27, 1998.
2. The court will serve copies of the preliminary Director's Report on each claimant included in the report.
3. All claimants included in the Director's Report for Clear Creek shall file objections to the report on or before March 27, 1998.
4. Any party wishing to file a response to an objection to the preliminary Director's Report shall file the response with the court on or before April 10, 1998.
5. A scheduling conference on all objections and responses filed to the preliminary Director's Report for Clear Creek will be held on Monday, April 13, 1998 at 10 a.m. in the district courthouse for the Snake River Basin Adjudication located at 253 3rd Avenue North, Twin Falls, Idaho. All parties and counsel are required to be personally present at this scheduling conference.
6. Parties in the *Jones v. NAF Irrigation Company et al* case pending before the court shall be allowed to continue discovery on issues raised in the pleadings.
7. The prior scheduling order and trial setting in *Jones v. NAF Irrigation, et al* is hereby vacated in favor of the schedule set forth in this order.
