Does Larry's email make sense to you? Is this something we can do absent a transfer right now?

Called this afternoon and spoke with Gordon Webb, one of the partners in Webb Basin Dairy. Told him that three POU's on the four water described public land. Two authorized, one not authorized. Said BLM and Webb Basin Dairy had a contract requiring POU's on BLM to be in BLM name. We discussed the unauthorized POU. Looks like overspray from pivot on BLM land just south of I-80. Said he could delete from his water right or see if IDWR would agree to put the .5 acres somewhere else on his own private land. He wanted to visit with BLM to see the shape file and maps, but agreed that we should put BLM POU's in BLM name for authorized POU's. Said he was going to see Steve Davis in Burley to go over the objection files. I said I would be available by telephone for consultation.

Candice: Please do SF-fs splitting the water rights so that the following POU's are on water rights where the BLM is the owner:

T09S, R27E, S35, NESW - 0.5 acres
T10S, R27E, S11, SENE - 14.3 acres

Either delete T09S, R27E, S34, NESE - 0.5 acres, or see if it can be moved to other acres already described on the water rights. I am pretty sure this 0.5 acres is overspray from a pivot irrigation system.

Fred: Need you to assign someone to do a stipulation wherein BLM agrees to cooperate in transfer to private land, etc, should land use permit expire, be terminated, and not renewed. E-mail the stipulation to me for my review before mailing to claimant with the SF-5s
