Dear Mr. Ward:

Pursuant to your recent inquiry, I have enclosed proof reports of water right and Snake River Basin Adjudication claim records for Sections 01, 02, 03, 10, 11, and 12 within Township 10 South, Range 26 East. This property is located within Cassia County, along Interstate 86 about six miles east of the Interstate 84 and Interstate 86 interchange.

I have enclosed copies of proof reports of water right records 43-04037 and 43-07126. In addition, I have enclosed proof reports of Snake River Basin Adjudication claims A43-04037, A43-07126, A43-10461, and A43-10463. Water rights 43-04037 and 43-07126 are irrigation rights that appear to be appurtenant to the property you inquired about. Snake River Basin Adjudication records A43-10461 and A43-10463 are stockwater claims, in the name of Glen Kunau, that are appurtenant to parts of the sections located within, or near, the property boundaries you described here in our office. These stockwater claims may, or may not, be appurtenant to the property you are interested in.

It should be noted that the irrigation rights, 43-04037 and 43-07126 have been placed in the Water Supply Bank. Placing these rights in the Water Supply Bank makes the rights available for rental. You may want to contact Glen Saxton (phone 327-7955) in our state office in Boise for more information about the status of these water rights.

If you have any questions, or if I can be of any further assistance, feel free to contact me at your convenience.

Sincerely,

RE: Notice of Claims for Stockwater Use
A43-10452 thru A43-10457 and A43-10459 thru A43-10463

Dear Mr. Kunau:

The Department has hired a contractor to start the field review of the Domestic and Stockwater claims in Basin 43 (Raft River Area). His preliminary review of your claims has brought to our attention the possibility that the places of use described on your claims may include all the land that you own or lease and not just the physical locations of your watering troughs or tanks.

To clarify this matter you are requested to submit maps which clearly describe each water system being claimed. On each map there should be clearly marked the location of each well and the locations of each watering trough or tank where the cattle drink. If you wish you may make an appointment with our office to review the maps we have on file which may help you in preparing maps of your systems.

We request that the maps or clarification of your places of use be submitted to our office by **August 16, 1991**.

If you have questions please feel free to contact me at this office.

Sincerely,
