12. Other Water Rights Used:

13. Remarks:

Use of water under this right shall be non-consumptive.

This minimum streamflow shall be subject to future municipal and domestic development from the Spokane River and its tributaries for the use in the basin within and upstream of the minimum streamflow reach. The minimum streamflow will not be subject to water rights established in the future for irrigation uses or other large consumptive purposes even though covered under a municipal or domestic use definition.

Establishment of minimum flows on the Spokane River in the requested reach shall serve to protect water released from Post Falls Dam as it flows through the requested reach at rates up to the established minimum flow, but shall not directly or indirectly cause any change in operation of Post Falls Dam.

The reach of the Spokane River for which the requested minimum flows are established is as follows: Spokane River, commencing at a point downstream from the Post Falls Dam at which the overflow channels converge with the main channel below the dam in the SWNE, S4, T50N, R5W and extending downstream to the Idaho-Washington state line in the SWNW, S12, T50N, R6W, Kootenai County, a reach of approximately five miles.
