REASONS SUPPORTING EACH BOX CHECKED

In response to Statement of the Objection items 9, 9a., and 11 and all allegations of the objection regarding these items, IDWR responds as follows:

IDWR lacks sufficient information to form a belief as to whether any or all of the lands upon which water is used pursuant to this right are owned by the United States. IDWR further lacks sufficient information to form a belief as to whether the claimant's use of any lands owned by the United States is subject to an agreement with the United States. IDWR denies that federal ownership of the place of use or agreements with the federal government as to use of lands within the place of use are necessary to define the water right. IDWR denies the objection and all allegations of the objection not expressly admitted

herein.
