This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

~~This right is conditioned upon completion of the appropriation in accordance with the statutory procedure for appropriation of water rights. This right remains subject to all conditions set forth in the permit upon which this right is based, and will be subject to all conditions set forth in the license issued by IDWR upon completion of the statutory appropriation process.~~

EXPLANATORY MATERIAL: BASIS OF CLAIM - License Permit

Right 75-2118 is also diverted through the point of diversion described above.

The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion.

Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 75D.

~~Use of water under this right is supplemental to all existing water rights with the same purpose and place of use.~~

~~A measuring device of a type approved by the Department shall be permanently installed and maintained as part of the diverting works.~~
