REASONS SUPPORTING EACH BOX CHECKED

In response to Statement of the Objection items 3, 3a., 9, 9a., and 10 and all allegations of the objection regarding these items, IDWR responds as follows:

IDWR lacks sufficient information to form a belief as to whether any or all of the lands upon which water is used pursuant to this right are owned by the United States. IDWR further lacks sufficient information to form a belief as to whether the claimant's use of any lands owned by the United States is the

subject of an agreement between the United States and the claimant. IDWR admits that if the place of use is reduced by the court, the quantity of water allocated to this water right should likewise be reduced. IDWR denies the objection and all allegations of the objection not expressly admitted herein.
