REASONS SUPPORTING EACH BOX CHECKED

In response to Statement of the Objection items 3, 3.a and 11, and all allegations of the objection regarding those items, IDWR responds as follows: IDWR recommended the amount of water it determined was being beneficially used for the purposes indicated on the claim. The field examination of the claim revealed no beneficial use of water other than for the humidifiers. IDWR lacks sufficient information to form a belief as to the truth of the claimant's assertion that water is also used for equipment cleaning and other miscellaneous uses pursuant to this right, and therefore denies this assertion. To the extent that the claimant provides IDWR with additional information confirming this assertion, IDWR will revise its recommendation as appropriate.

CHANGES TO THE DIRECTOR'S REPORT

The director proposes no changes to the description of this claim in the Director's Report.
