REASONS SUPPORTING EACH BOX CHECKED

In response to Statement of the Objection items 1, 11, and 14, and all allegations of the objection regarding these items, IDWR responds as follows.

IDWR is informed and therefore believes that water diverted pursuant to this right is used for the irrigation of lands within the A & B Irrigation District pursuant to a contract between the district and the United States. Confirmation of this contract in the description of the water right is not necessary to define the water right. IDWR denies the objection and any allegations of the objection not expressly admitted herein.
