RE: 95-11408 & 95-11409

We reviewed your two claims to a water right. They indicate the domestic use is from a ground water source and a surface water source (Hayden Lake and an unnamed stream). Only one source is allowed per claim. In order to record all the uses additional claims need to be filed.

The date of priority is listed as November 18, 1996 and September 21m 1998. When a new diversion of surface water is started after May 20, 1971, an appropriation permit had to be obtained first. The date of priority is the date the water was first used regardless of who owned the property.

If you have any questions, please contact us.

Sincerely,
