RE: 92-10074

Dear Mr. and Mrs. Ferrell:

We reviewed your Claim to a Water Right. Your claim indicates the domestic use is from a ground water source and a surface water source (St Maries River). Only one source is allowed per claim. In order to record both uses, an additional claim needs to be filed to record your water rights.

The date of priority is listed as August 7, 2001. When a new diversion of surface water is started after May 20, 1971, an appropriation permit had to be obtained first. The date of priority is the date the water was first used regardless of who owned the property. If the use of water was started after May 20, 1971, then an application for a permit to use the water needs to be filed.

There is no requirement to obtain a permit from a groundwater source for domestic use.

If you have any questions, please contact us.

Sincerely,

A handwritten signature in cursive script that reads "Carolyn Monitz".

Carolyn Monitz
Technical Records Clerk
