DATE: 2/9/2000

FROM: J E STANTON

SUBJECT: License 43-02444

This license is for 4.92 cfs on 304 acres. Part of the licensed p/u is the SE/NE Sec. 12 T. 14S R. 26E. This tract is shown as dry on the 1986-87 GIS map. The right was claimed by Harris Ag for the full flow rate on 267 acres in Sec. 7 T. 14S R. 27E only. Todd Harris told me that the land in Sec. 12 was in CRP when they bought the Sec. 7 land, but that the Sec. 12 has been out of CRP for a couple of years. There are no SRBA claims in Sec. 12. I checked with the Cassia County assessor, who told me that all of Sec. 12 is federal land. Our microfilm records show that all of this ground was a desert entry, which was allowed by the BLM in 1964 to Waymon Yarbrough. He later sold the land to Stan & Arlo Lloyd, & assigned the permit to them. The licensing exam was done in 1971. In 1972, the land in Sec. 12 was removed from the DLE by the BLM. We issued the license in 1974 that included the land in Sec. 12. But since Sec. 12 had already been removed from the DLE, it could not have been legally farmed after 1972. It therefore appears that the right to farm this land has been lost thru at least 27 years of continuous non-use. That leaves 264 licensed acres as the only allowable place of use. My preliminary GIS work found 261.7 acres in Sec. 7; Jeannie has not worked up this property yet. Unless one of us finds additional acres being farmed in this tract, the place of use under this right should be limited to this amount. An application for transfer has been filed on this right, so I have had to investigate this situation as part of the transfer review.

- looks like 40 ac. in Sec. 12 were not claimed, but were licensed
- less than 1"/ac so probably ok
