REASONS SUPPORTING EACH BOX CHECKED

In response to Statements of the Objections items 9 and 9a, and all allegations of the objections regarding these items IDWR responds as follows: The claimant of this water right is the Big Lost River Irrigation District. In the Director's Report, IDWR recommended the place of use of this right based on the legal description of the district boundaries that was supplied with the district's claim. The lands sought to be included in the place of use of the district's rights are outside the district boundaries as shown by the information submitted with the district's claim. Therefore, IDWR denies the objection and all allegations of the objection not expressly admitted herein.

CHANGES TO THE DIRECTOR'S REPORT

The director proposes no changes to the description of this claim in the Director's Report.
