I. FINDINGS OF FACT

A notice of claim was filed for this water right pursuant to I.C. § 42-1409. The Director of the State of Idaho Department of Water Resources examined the water system for this reporting area. The *Director's Report for Late Claims* contained a recommendation for the elements of this water right.

A *Motion to File Late Objection* was filed by Rock Creek LLC on October 13, 2009. There was no opposition to the *Motion*. The *Motion* was granted. *Order Granting Motion to File Late Objection*. (April 5, 2010)

The *Objection* was resolved on March 4, 2011 with the filing of a *Standard Form 5*. All parties to the subcase and IDWR are signatories to the *Standard Form 5*.

Subsequently, the Idaho Department of Water Resources notified the Court that there was an error in the *Standard Form 5*. This water right was erroneously included under General Provision 1A and should have been included under General Provision 1B. This *Special Master's Report and Recommendation* makes that correction.

## II. CONCLUSIONS OF LAW

Therefore, based on the file and record herein, IT IS RECOMMENDED that this water right be **decreed** with the elements set forth in the attached *Special Master's Recommendation for Partial Decree*.

The Special Master notes that Rock Creek LLC must file a separate motion to correct the General Provision Decree under Subcase No. 00-92037G2.
