Claim # 95-11259

Dear Chad Goodwin,

I spoke with Ken yesterday to tell him that there were no recorded well log in the two previous property owner's name. He told me that well logs do not go back to the time this well was installed.

My next door neighbor Richard Sutherland has lived at his (his parents bought and built a summer residence) property since 1951. He said the first owner John Petek (I verified this with the Kootenai County assessors office) built the original house sometime from 1958 to 1962, and the well was installed at the time. Mr. Sutherlands phone number is (509) 710-7590.
