INSTRUCTIONS

This form must be used to file an objection to any water right recommended in the Director's Report. You may object to one water right per objection form. The water right number you are objecting to must be indicated above in the blank space following "Case No." To object to more than one water right, you must file a separate objection form for each. Forms may be obtained from the Idaho Department of Water Resources (IDWR), or you may copy or reproduce this blank form, as long as it is identical to the court's form. You must file your objection by the deadline shown in the notice that IDWR mailed to you. The objection must be received by the court on or before the deadline specified. Instructions for mailing this objection are found at Page 6, and must be strictly followed.

Any party physically filing 25 (twenty-five) or more objections must make an appointment with the Clerk of the Adjudication Court and arrange for an appointment to file multiple objections.

(Over)

By filling an objection form, you are certifying that the objection is well-grounded in fact; is warranted by existing law or a good-faith argument for the extension, modification or reversal of existing law; and that it is not filed for any improper purpose, such as to harass, cause unnecessary delay or needless increase in the cost of litigation.

(Over)

Please note: You should attach copies of documents which support your objection. Note on each document the "box number" it supports.

Specifically describe how you want the Director's Report to be changed. You may use additional pages if necessary. The US Dept. of Interior (BLM) has not established federal reserved water rights and the right claimed should be disallowed.

CHANGES TO THE DIRECTOR'S REPORT

In the space following, you must state the reason(s) by number for each box checked. You may use additional pages if necessary. The United States (BLM) has filed duplicate claims asserting water rights under both state and federal law. I/we do not believe these "dual" rights exist and all elements checked on Page 3 were improperly claimed.

REASONS SUPPORTING EACH BOX CHECKED

12. ☒ Water Right Recommendation: I object to:
 - a. ☒ this water right being recommended at all; or
 - b. ☐ this water right not being recommended.
13. ☐ Description of Reservation: I object to the legal description of the reservation.
14. ☒ Other: I object to: The US Dept. of Interior (BLM) claiming any water rights under theories that water rights were established through a federal reservation of water by executive order dated April 17, 1926, PWP No. 107.

☐ Check here if you are submitting documents. Please list each document by the title and number of pages. You may use additional pages if necessary. _____
