Dear Billy:

The application for transfer of water right splitting the Putnam/Nicholson water right to you and Simplot has finally been approved. The transfer segregates 117 acres of water right to your property on lands described in the transfer. I've enclosed a copy of the transfer for your records so you can see exactly how the land was split and where your new land is described. I've also enclosed a notice of change of water right ownership which you need to fill out and send back to me in order to complete the action on this project. As you can see from the enclosure, along with the form you need to send me an ASCS aerial photo with the 117 acres clearly outlined as well as the point of diversion or location of the point that you are taking the water from the river. This can be shown on a quadrangle map if it doesn't show on the aerial photo. Be sure and fill out the highlighted section of the form and item 5 on the form. Sign the form at item 7 and return it to me. I've enclosed an envelope with my address on it for your use and if you have any questions, please don't hesitate to give me a call.

Please try to get this information back to me as soon as possible since we need to complete the action on this transfer as quickly as we can.

Sincerely yours,

Sherl L. Chapman
