RE: 9 S. Miller Lane,

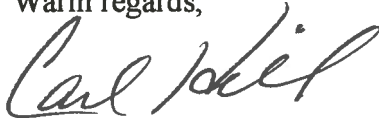

Dear Shaun,

Thank you very much for your help regarding the water use from the well on my property and the civil case. I apologize for adding extra load to your tasks. It is amazing how leaving off a number on a form can impact the outcome ☺. I even recall double checking my inputs carefully before submitting the information.

I've updated the form to our current address.

Thank you once again.

Warm regards,

Carl Hill
