OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

The diversion and use of water for hydropower purposes under this license is subject to review by the Director on or after October 5, 2019. Upon appropriate findings relative to the interest of the public, the Director may cancel all or any part of the use authorized herein and may revise, delete or add conditions under which the right may be exercised.

EXPLANATORY MATERIAL: BASIS OF CLAIM - License

The right holder shall maintain a measuring device of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion.

The issuance of this right does not grant any right-of-way or easement across the land of another.

Prior to diversion of water under this right, the right holder shall install and maintain a measuring device and lockable controlling works of a type acceptable to the Department as part of the diverting works.

This right does not constitute Idaho Public Utilities Commission or Federal Energy Regulatory Commission approval that may be required.
