Subject: Notice of Claims

Dear Ms. Hancock

We are enclosing documents for eight claims for stockwater use and one claim for irrigation use on behalf of the William Wallace & Virginia E. Bruesch Family Trust. These claims are being presented in response to the discussion at the September 20<sup>th</sup> and 22nd meetings last year at the Bruesch Ranch in Almo between Vickie Hancock of the IDWR, Cordell Sheridan, and Richard Bruesch.

The eight claims for stockwater use are as follows:

| Spring or Facility Name         | Diversion Location ~ T R S | Land Owner                |
|---------------------------------|----------------------------|---------------------------|
| Bruesch Res 1                   | 15S 24E SE-NE-SE 20        | Bureau of Land Management |
| Bruesch Res 2                   | 15S 24E NW-SE-SE 20        | National Park Service     |
| East Circle Trough              | 15S 23E NE-NW-SE 24        | National Park Service     |
| Middle Fork Circle Creek Spring | 15S 23E SE-SW-NW 24        | National Park Service     |
| East Scotties Camp Spring       | 15S 23E NE-SW-SE 13        | National Park Service     |
| West Scotties Camp Spring       | 15S 23E NW-SW-SE 13        | National Park Service     |
| Indian Grove Spring             | 15S 23E SW-SE-SE 14        | National Park Service     |
| Walters Creek Spring            | 15S 23E SW-SE-SE 11        | U S Forest Service        |

Of special note is the claim for stockwater use at Indian Grove Spring. That spring is also the headwaters of Graham Creek as claimed under Claim # A43-00010.

The single irrigation claim is for ground water recharge from Graham Creek. It has been the practice of the Bruesch Ranch to irrigate the hay fields, meadows, and pastures on a year-round basis to the extent of available water in Graham Creek. If, by IDWR definition, the irrigation season is a fixed period from April to October, then the remainder of the year needs to be claimed as well. Our original Claim #A43-00010 as filed claimed the water for the entire year from January 1<sup>st</sup> to December 31<sup>st</sup>. We believe that full year use represents the situation and irrigation (recharge) practice that has been traditionally used.

We are also enclosing a check payable to Idaho Department of Water Resources in the amount of \$250 to pay for 8 fees of \$25 and one fee of \$50.

We greatly appreciate the assistance that you have given us in understanding the claims process and for the information you provided in the meeting with us in Almo.

We would appreciate receipt of the claim profile reports for these and for our original claims as revised once the IDWR has processed them. Please let me know if there is anything else required or if you have questions regarding the information contained in the claim documents.

Sincerely,

A handwritten signature in dark ink, appearing to read "WR Bruesch", with a long horizontal flourish extending to the right.
