Dear Mr. Smith:

SUBJECT: Notice of Claim to a Water Right
ID Number A02-04022 and A02-07215

We have received the change in ownership request in regard to the above water rights on the property formerly owned by Fair Acres, Inc.

In attempting to make the ownership change I noticed a possible discrepancy in the legal description on the warranty deed versus what is on the water right claims. The discrepancy I found seems to be in section 19, lot 2. The warranty deed lists the E1/2NW1/4 and a part of lot 2; however, the water rights in question are for property in the NE1/4NW1/4 and the NW1/4NW1/4. It appears that these two claims will need to be split.

Would you please clarify these so I can make the necessary ownership changes. Enclosed are copies of the warranty deed and Notices of Claims to a Water Right. Please address your response to my attention.

Sincerely,

Linda A. Werner

Dear Mr. Itano:

This agency has begun to review the claims for water rights filed for the Snake River Adjudication. A part of that review requires a check of recorded water rights that are not claimed. The enclosed claim form describes a water right that is apparently used on your land although you may be unaware it exists. A claim has not been filed to date for this water right.

✓ If you believe you hold this water right, please return it with a \$10 filing fee after signing the form before a notary public. Should you have any questions about this matter, please contact me.

Thank you for your cooperation and assistance in the adjudication.
