Case No. 39576	)	MOTION FOR LEAVE TO FILE LATE
_____	)	OBJECTION

DESCRIPTIVE SUMMARY

This is a motion by the claimant of the water right for leave to file a late objection to the recommended period of use for the water right.

MOTION

The Estate of Rosemary Haley ("Haley"), the claimant of Water Right No. 36-11340 (the "Water Right"), moves this Court for an order granting it permission to file a late objection to the period of use recommended for the Water Right in the Director's Report for Reporting Area 3 (Basin 36) (the "Director's Report"). The grounds for this Motion are as follows:

1. The Director's Report recommends a period of use for the Water Right of April 1 through October 31.

2. The Water Right is based upon an expansion of water right 36-07041, a license issued by the Idaho Department of Water Resources ("IDWR") which did not specify or otherwise limit the period of use for the Water Right. The Water Right has historically been used during a period of use from March 15 through November 15. Haley and its predecessors have a vested interest in and have relied upon this period of use.

3. The reason the objection was not timely filed is an oversight by Haley's counsel.

4. Haley filed two (2) claims to ground water rights. The Director's Report recommends a period of use of April 1 to November 1 for each of Haley's water rights. It appears from the IDWR Report on Objections Filed in Reporting Area 3 (Basin 36) that objections to the same uniform recommended period of use were filed to seventy-two (72) other ground water rights as recommended in the Director's Report. These objections, which have not yet been resolved, raise the same legal issues and the same or similar factual issues. Granting Haley leave to file this and its other late objections will not delay any proceedings or prejudice any party to the SRBA.

Oral argument is requested.
