RE: SRBA Claims A71-04012 & A71-04012
NOTICE OF LATE FEE DUE

Dear Mr. Stuart:

Our office was recently forwarded your claims for processing. In reviewing your claims it appears that when you filed your claims in Boise on March 9, 1990 the Department failed to inform you that your claims were late and subject to the additional late fee. Please note that the deadline for timely claims in Custer County was January 12, 1990. All claims filed after January 12, 1990 for uses of water in Custer county are subject to, in your situation, a late fee of \$50.00 per claim. (\$100. total late fee due)

If you have sufficient reason for not filing your claims before the deadline the late fee may be waived. Please find enclosed a form which can be completed to request waiving of the late fee. Our office will hold your claims for 30 days pending payment of the late fee or granting of the Request for Extension of Time. If after 30 days the late fee has not been paid or the Extension of Time been granted our office will initiate rejection of your claims and a refund of the money already paid. (If you choose to finalize this matter with one of the Department's offices in Boise please take this letter with you for their reference.)

Please note that our office has already data entered your claims as the enclosed copy of the electronic record indicates. Please review this record and if you have corrections please contact this office.

If you have questions please feel free to contact me at my office.

Sincerely

Allen Merritt, P.E.
Water Rights Supervisor

RE: Evidence of Priority

RESPONSE DEADLINE

MAY 1, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will soon conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, proof must be provided supporting the priority date you have claimed.

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

Please submit the required evidence supporting the priority date(s) by May 1, 1992, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.
Water Rights Supervisor

Dr. Mr Merritt.

Attached find a notarized letter. to provide evidence of the proper priority date for my Stanley, Idaho water rights claim. Note that the priority date should be corrected for my claims. # A71-04012 and A71-04046. I had relied on "best guess" information for my claims: Mr Savage has provided personal testimony that is clearly more accurate. Please adjust the priority dates for both claims to June 1944.

Additionally, I have an early photo of the property, dated 1947. to provide further evidence of beneficial use at that time. Please advise me if Mr. Savage's affidavit is insufficient.

Thank you.

Regards,

Robert N. Savage
Custer County Assessor
Challis, Idaho

To whom it may concern:

This letter is an affidavit, attesting to my personal knowledge of the beneficial use of water applied to property in Lower Stanley, Idaho, where I lived as a younger man. Water was used at the location below, for the purposes as indicated.

Property: T11N, R13E, Sec 34, SE/SE/SE, block 1, lots 1-7, Stanley Government Townsite (Lower Stanley), Custer County, Idaho. This property is now owned by Mr. Thomas R. Stuart III, DBA Redwood Motel.

Sources: 1. Ground Water(well), serving the residence and buildings on site.
2. Salmon River, used for irrigation and fire control, for all buildings on site.

Date: Water was applied at least as early as June 1944. I have personal recollection of same.

Please accept this testimony to verify Mr Stuart's claim for the beneficial application of water/ water rights.

Robert N. Savage

RE: Notice of Error Reply

Dear Mr Stuart:

I am writing to provide explanation of the proposed recommendations for claims 71-04046 and 71-04012. Your reply raises some questions that may best be addressed by presenting a description of the claim elements you have concerns about.

In your reply for 71-04012 you stress that you have three sources of water for your motel. You go on to describe two pumps from the Salmon River in addition to the well. You feel that you have another water right that we should recommend. Please be assured that IDWR is recommending two (2) pumps from the Salmon River, hence two 10-acre legal descriptions. I believe the confusion stems from the legal description of the 40-acre tract that includes a government lot reference. This lot description should not be confused with the lot and block description within the townsite. By convention 40-acre tracts along major rivers are described with government lots and that is why we include "Lot 2" on the place of use and point of diversion descriptions. Note that we have referenced your townsite description in the explanatory material section.

The above explanation of the government lot versus townsite lot and block applies to your observations for 71-04046 and should resolve your concerns. In addition, I have made a couple of other refinements. When you amended your claim in 1994 from commercial to domestic it was Allen Merritt's intent to allocate a greater amount of water for the house, laundry and motel. In that regard I have added two conditions: The first limits to diversion to a maximum 13,000 gallons per day (for commercial use the limit would be 2500 gpd); the second condition indicates that IDWR did not investigate what changes/additions may have occurred over the years. I believe that these clarifications will better describe your usage and provide some flexibility for operating the motel.

Thank you for your interest in these water rights and taking the time to express your concerns. Please contact me if you have any other questions.

Sincerely,

Douglas Jones, P.E.

NOTICE OF ERROR
REPLY

Please type or print clearly, fill out this form completely and mail.

Return this reply form to IDWR by the deadline date printed below if you want IDWR to change your recommendation or you want to let IDWR know that you agree with its recommendation.

YOUR DEADLINE FOR RETURNING A NOTICE OF ERROR REPLY IS: August 14, 1998

Water right number: 71-04012

THOMAS R STUART III
2301 HILLWAY DRIVE
BOISE ID 83702

Daytime Telephone Number: 208-345-3021
Evening Telephone Number: 208-774-3531

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

IDWR RECOMMENDATION INCLUDED ONLY 2 WATER RIGHTS, 71-04046 (DOMESTIC WELL, ON LOT 5) AND 71-04012 (IRRIGATION/FIRE PROTECTION, LOT 2). I HAVE 1 ADDITIONAL WATER RIGHT, A SECOND IRRIGATION PUMP ON LOT 6.

2. Describe the changes you wish to make in the proposed recommendation:

INCLUDE THE THIRD WATER RIGHT, FROM THE SALMON RIVER ON LOT 6, WITH DETAILS IDENTICAL TO #71-04012. THE MISSING WATER RIGHT IRRIGATES AN ADDITIONAL 1 ACRE - LOTS 5-7 GENERALLY.

3. Give a brief explanation as to why you disagree with these portions:

MY MOTEI HAS USED THREE WATER SOURCES FOR AS LONG AS I HAVE KNOWLEDGE OF THE FACILITY: 1 DOMESTIC WELL, AND 2 IRRIGATION/FIRE PROTECTION PUMPS FROM THE SALMON RIVER.

 I AGREE with this proposed recommendation; no changes need to be made.

DATE: 1 SEP 98 SIGNATURE: THOMAS R STUART III
Please print your name: THOMAS R. STUART

RIGHT NUMBER: 71-04012

NAME AND ADDRESS: THOMAS R STUART III

CLAIM A71-04012

Excess Flow Analysis for Sprinklers in Stanley Basin Area

$$FIR = 4.2 \frac{CU}{FAE} = 4.2 \frac{[(0.842 \times ET_{STD} \times M_F) + ET_{AVE}]}{25.4 FAE}$$

For Stanley Basin all crops noted are pasture. Review of weather data finds the month of June yields highest water needs.

$$\text{For June } ET_{AVE} = 4.97 \text{ mm/day}$$

$$ET_{STD} = 0.37 \text{ mm/day}$$

$$M_F = 2.70$$

$$\therefore FIR = 4.2 \frac{(0.229) P_F}{FAE} - \frac{(0.961) P_F}{FAE}$$

P_F dependent on soil

FAE dependent on type of sprinklers, for pivots

$$FAE = 80\% \text{ \& } \text{handline} = 67.5\%$$

Claim analysis:

$$P/u \text{ soil} = RPI \quad P_F = 1.13$$

$$= \frac{(0.961)(1.13)}{67.5} = 0.0161 \text{ CFS/A.}$$

since this rate (.016 CFS/A) is less than the
0.03 CFS/A allowable for a P/u less than 5 acres
this right is recommended at the
0.03 CFS/Acc Rate.

Excess Flow Analysis

A71-04012

1/7/94

The property irrigated is Lots 1-7 of B1K1 of Stanley Townsite. From chart for this land the total sq. ft. is 49,896. It is estimated that approx. 80% is irrigated with the remainder in road & Motel buildings. $\therefore$ Area irrigated is

$$.80 \left(\frac{49,896}{43,560} \right) \approx 1.0 \text{ Acre} \quad \text{rounded up to next 0.1 Acre.}$$

Assuming Efficiency of system 50% (Low based on poor distribution) pp 25 Hubble for the Sprinkler system and using Allen Brockway Stanley E.T. info finds C.U. for pasture grass is 0.17 in/days in Stanley Area.

Using Eq. 10 pp. 31 Hubble finds

$$FIR_{(cfs)} = \frac{4.2 \text{ C.U.}}{FAE.}$$

Superseded
6-29-98
KHC

$$\therefore FIR = \frac{4.2 (0.17)}{(50)} = 0.014 \text{ cfs/acre}$$

Since this is less than allowed cfs rate of 0.03/acre for zones less than 5 **MICROFILMED**
 $\therefore$ allow OCT 28 1994

$$1 \times 0.03 = 0.03 \text{ cfs}$$
