Hello Doug:

Here's a list of the objected to water rights in basin 71. Dave and Peter will be picking up the original claims for filing with the court Tuesday morning. Southern also should have received copies of the basin 71 objections for the claim file--do you know if you did??

I'm trying to double check the overlaps (unobjected to) involved--we'll need those original claims also for Tuesday. They are:

RE: 71-66026 & 71-00027

Dear Roger,

Enclosed are printouts of the computer records for the recommended parts of the above listed decreed rights. The Estate of Tom J Ocamica had originally filed for the entire rights. However, the USFS had filed competing claims for a portion of original decree (Cavanagh v Merritt) award.

During claim review information was requested from the USFS to support partial ownership. Deeds from Ocamica through to the present were supplied supporting chain of water right appurtenance (i.e. no reservation of water made during land sale).

Since ownership by the USFS is apparent then the Welp's claims were recommended for the proportional rate. For numerical reference consistency the claims were renumbered by adding a "B" suffix.

Please give me a call if you have other questions.

Sincerely,
Douglas Lee
