RE: Snake River Basin Adjudication (SRBA) claims A02-02150B & A02-10023

Dear Mr. & Mrs. Tingstrom:

I am currently reviewing the above referenced claim to a water right in the ongoing Snake River Basin Adjudication. Water Right 02-02150 was originally licensed for 3.2 cfs on 80 acres.

Claim A02-02150B, in your name, is 0.28 cfs for 14 acres. Claim A02-02150A, in the name of Uptmor, is 1.34 cfs for 66 acres. It appears that the total number of acres from the original license is claimed in full. However, the total flow is not claimed, and it appears that each portion of this right may claim the licensed rate of 0.04 cfs per acre ($3.2 \text{ cfs} \div 80 \text{ acres}$). This letter is to inform you of this discrepancy between the license and claim, and to invite you to submit an amended claim if you so choose.

My investigation thus far indicates a total of 64 irrigated acres for A02-02150A, and 16 irrigated acres for A02-02150B. This is different than the claimed amounts and is a reflection of my interpretation of the ownership split of this license. Enclosed is a preliminary place of use map depicting my interpretation of the split of the property and appurtenant water right. If you disagree with my interpretation, please advise me of such, and provide supporting documents such as a deed, that more clearly establishes the appurtenant property ownership.

In addition, you have also submitted claim A02-10023 for 6 acres with the same Feb 25, 1959 priority as the 02-2150 license. Thus far, I have been able to identify a total of 80 irrigated acres as identified in the enclosed map, and am unable to identify the 6 additional irrigated acres listed in this claim. In order to recommend this claim, additional proof of beneficial use, including priority date, is required. Please see the enclosed brochure on evidence of priority.

Also enclosed is an amended claim for 02-02150B which is identical to your earlier claim except 1) the total acres is 16 instead of 14, and 2) the flow is 0.64 cfs instead of 0.28 cfs. If you agree with this change to your claim and wish to proceed with the amendment, please sign and notarize the claim, and return it to me at the above address. In addition, if you have any questions about this matter, please let me know. I can be reached by mail at the above address, by email at

sking@idwr.state.id.us or by phone at (208) 327-7897.

Sincerely,

Scott King
Engineer, Technical I
Adjudication Bureau
