Excess Flow Analysis for 71-00060B

1/2

Claimed rate is more than 1"/acre.

Soil in area found to be RDI. Method of application is gravity wild flooding. Crop is pasture.

After modifying the weather data per 9/20/96 report to SRBA court I analysed the FIR using three methods. The first was the wild flooding estimate using the border program. I calculated a cfs/acre assuming 2% slope & 300' field length, and optimum rotation ^(53 days) for RDI soil I found 0.17 cfs/acre. The second I again used the border program with same assumptions except I adjusted the rotation to match what the historical rotation ^(14 days) period was according to Mark Henslee. I found 0.07 cfs/acre. The third was using the Furrow method per report to court using 2% slope & 300' field length. This resulted in 0.03 cfs/acre. In reviewing these three methods it appears the second is most reasonable.

I analysed the conveyance loss using 5.0 ft/day for the seepage rate. This rate is consistent with Hubble and in the range of what I've measured in the valley. This yields a loss of 0.91 cfs

2/2

through a 4' wide channel 3620' ft long.

Total justified rate = 2.56 cfs

$$\begin{array}{r} 0.07 \text{ cfs/acre} \times 23.6 \text{ acres} = 1.65 \text{ cfs} \\ \text{loss} \quad \quad \quad \underline{0.91 \text{ cfs}} \\ 2.56 \text{ cfs} \end{array}$$

Claimed rate	3.00
Measured div	3.12 cfs
Justified rate	2.56 cfs

Recommended 2.56 cfs.

$$\frac{2.56}{23.6} = 0.11 \text{ cfs/acre}$$

Dear Claimant:

Please find the enclosed copy of the Notice of Completed Administrative Proceeding which the department has filed with the SRBA Court regarding the above Basin 36 claims. You have received this notice pursuant to SRBA Court Administrative Order 11 requiring IDWR to report to the court and interested parties any pending changes to adjudication claims in basins for which a Director's Report has been filed with the court.

All other non-basin 36 claims listed above have also had the address updated as requested. Since these basins are not yet listed in a Director's Report, it is not necessary to notify the SRBA court of these changes.

Please contact this office if you have any questions about the notice or the administrative process.

Sincerely,

Trish Fawcett
Technical Records Specialist
