DE C R E E

The above entitled action came on for hearing the 15th day of June,
1948, before Hon. D. H. Sutphen, Judge of the District Court of the Fourth Judi-
cial District of the State of Idaho, sitting in chambers at Gooding, Idaho.

The following parties appeared: plaintiff L. L. Breckenridge Company,
by R. P. Parry, J. R. Keenan and John H. Daly, of the firm of Parry, Keenan,
Robertson & Daly, its attorneys; defendants Roy Vader and Ona Vader, by J. L.
Eberle, B. S. Varian and R. W. N. Balleisen, of the firm of Richards & Haga,
their attorneys; defendants and cross-complainants Hugh Bradford and Mrs. Hugh
Bradford, his wife, by Everett B. Taylor, their attorney; defendants D. F. Clark
and Nellie B. Clark, by T. M. Robertson, their attorney; defendant Margaret W.

The following defendants, to-wit: Morgan C. Williams, Ted Williams, Mrs.
Ted Williams, D. M. Williams, Carrie Williams, Paul Clark, Nellie Clark, J. W.

MICROFILMED
MAR 17 1993

Newman, Rachel F. Newman, Walter Wede, Frank G. Fisher, Electa J. Fisher, C. M. Foley, Esther M. Foley and Sandy Brooks, made no appearance herein, filed no demurrer motion, answer or cross-complaint, and their default in that regard having been entered by the Clerk, such default is by the Court now approved and confirmed.

The case was heard upon the complaint of plaintiff, the cross complaint of defendants Hugh Bradford and Mrs. Hugh Bradford, and a stipulation of facts made between plaintiff and defendants Roy Vader and One Vader, his wife, and Robert H. Brailsford, William S. Brailsford and Frederick M. Brailsford, and a like stipulation of facts made between plaintiff, defendants (and cross-complainants) Hugh Bradford and Mrs. Hugh Bradford, and defendants Margaret W. West, D. F. Clark and Nellie B. Clark, his wife, by which stipulations the parties to each agree that decree may be entered in favor of the parties respectively according to the facts admitted and agreed to by said stipulations.

And the Court proceeding to hear the cause, and oral and documentary evidence having been offered and admitted on behalf of plaintiff and appearing defendants, and the stipulations of facts between plaintiff and the appearing defendants being duly considered by the Court, and it appearing to the Court that the facts stipulated should be adopted as the findings of the Court, and the Court having found that the facts proved or stipulated entitle plaintiff to judgment, with judgment over in favor of appearing defendants as provided in the stipulations aforesaid, and the Court now having filed its findings of fact and conclusions of law, constituting its decision herein, it is

ORDERED, ADJUDGED AND DECREED: That there be and hereby is decreed and awarded:

RE: Amended preliminary recommendations for 71-00060C & 71-00062C

Dear Sirs:

Recently IDWR held a public meeting to discuss preliminary recommendations for irrigation and other type water rights in the Stanley, ID area. During this meeting a Mr. Young worked with one of our agents and identified a diversion point legal description error on the original claims and our draft recommendation.

I am writing to acknowledge this Notice of Error and provide copies of the corrected draft recommendations. Please note that I have modified both claims to reflect pump-type diversions located in the SWNE & NESENE of Section 27 (T7N, R14E). Originally we identified two pumps in the NESENE only. During the editing process for right 71-00062C I observed that the priority date was incorrectly recommended as 6/1/1918. DOT had correctly claimed the date as 8/30/1933, pursuant to the Breckenridge vs Williams decree; however, a clerical error during transcription resulted in the incorrect date being inserted. I have rectified this error and the draft recommendation now states the correct date, 8/30/1933.

Please review the updated draft recommendations for completeness and accuracy. If you have any questions or need further assistance please get in touch with this office. Thank you for your interest and participation in this process.

Sincerely,

Douglas Jones, P. E.

Excess Flow Analysis for A71-00060C

Soil at airport is B61 so $P_F = 1.13$

Sprinkler system is handlines so $FAE = 67.5$

∴

$$FIR = \frac{4.2 (0.229)}{67.5} 1.13 = 0.016 \text{ cfs/acre}$$

∴ Allow 0.02 cfs/acre.

For 22.1 acres allow 0.44 cfs.

— No conveyance loss applies.

— Measured capacity of two pumps.

Large = 611 gpm $\Rightarrow$ 1.36 cfs

Small = $\frac{115.5 \text{ gpm}}{142} = \frac{0.31}{0.26} \text{ cfs}$

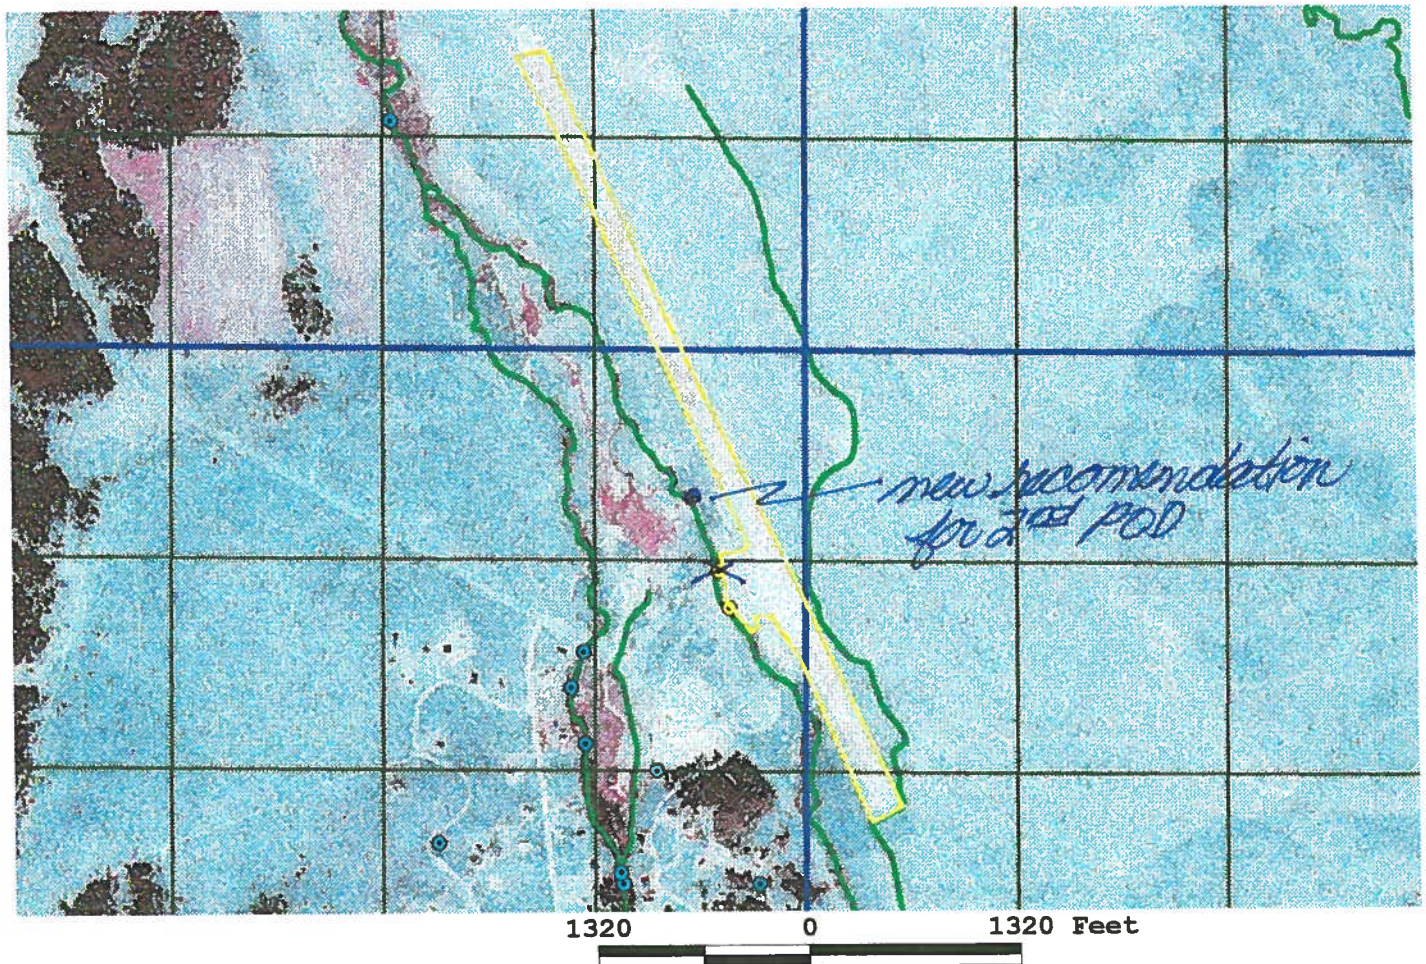

1.62 cfs

* Note that due to nature of irrigation use for airport & camp ground/park irrigation as per Mr. Clayton is limited to Mon & Tue of each week (20 hrs/wk).

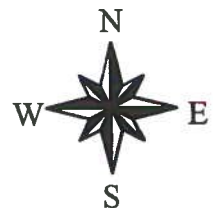

∴ Based on limited time $\frac{7 \times 24}{20} \times 0.44 = 3.7 \text{ cfs}$ justified. Since capacity = 1.62 cfs condition use to no more than $\frac{1.62 \times 1.67}{0.44 \times 7 \times 24} = 44.3$ hrs/wk as long as doesn't create problem with fish passage down creek.

Phone Conv. with Tod Glass
from Bureau of Aeronautics

Tod phoned and I explained I needed to get together with someone to measure the div. from the Salmon River used at the Smiley CK Airport. I also explained that the deed needed to be reviewed to determine if water was given when the land was obtained.

He indicated that they have a pump house in the River on Hensley property for watering the runway and also a small pump for the peck run. He indicated that Ray Clayton could help me out in measuring the water. He would try to review the deeds and get back with me.

THIS INDENTURE, made this 27 day of July, 1988
between the Salmon Falls Sheep Company, County of Blaine, State of
Idaho, the Grantor, and the Bureau of Aeronautics, for and on behalf
of the State of Idaho, 3483 Rickenbacker Street, Boise, Idaho 83705,
Grantee, WITNESSETH:

WHEREAS, there is proposed to be constructed on said premises
a landing strip and air navigation facility for the use of aircraft
which it is deemed desirable to maintain and operate for the benefit
of the public;

NOW THEREFORE, in consideration of the sum of One Dollar (\$1.00)
and other valuable considerations to them in hand paid, the receipt
whereof is hereby acknowledged, the Grantor does hereby grant to the
Grantee the right of way, privilege and easement of maintaining,
constructing, operating and using the landing strip and air navigation
facility located upon the following described premises situated in the
County of Blaine, State of Idaho, to-wit:

A tract of land lying within the SE $\frac{1}{4}$ of Section 22, the E $\frac{1}{2}$
of the NE $\frac{1}{4}$ of Section 27, the SW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 26,
and the NW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 26, all in T.7N, R.14E,
B.M., Blaine County, Idaho, being more particularly described
as follows:

Beginning at a Section Corner marked by a General Land Office
1918 brass cap designating the Corner common to Sections 22,
23, 26 and 27, T.7N, R.14E, B.M., Blaine County, Idaho. Said
Section Corner lying on an assumed bearing of North 0° 00'
from a similarly marked $\frac{1}{4}$ -section corner common to Sections
26 and 27.

Thence on a bearing of N89°49'W along the Section line a
distance of 742.32 feet to a point on the easterly side of
the tract of land which is the real point of beginning;
Thence on a bearing of S24°56'E a distance of 3,035.30 feet
to a point; Thence on a bearing of S65°04'W a distance of
200 feet to a point; Thence on a bearing of N24°56'W a distance
of 5,400.00 feet to a point; Thence on a bearing of N65°04'E to
a distance of 200.00 feet to a point; Thence on a bearing of
S24°56'E to a distance of 2,364.70 feet to the real point of
beginning, comprising a tract of land 200.00 feet wide and
5,400.00 feet long.

an additional rectangular area (approximately 10 acres)

AND, IN ADDITION THERETO, the Grantor grants to the Grantee an airspace easement or ground-use control of that area extending longitudinally from each end of the runway which is legally known as the "runway approach zone" and through which aircraft must traverse without hazard to either landing or take-off from the above described premises.

Said approach zone to be 300 feet in width at each end of the runway, the centerline of which shall be the extended centerline of established landing area, extending outward from each end of the runway for a minimum of 2000 feet into the airspace with a five degree flaring fan on each side and at a 20-to-1 glide ratio (an inclined plane from the end of the runway, measured upward and outward, with a slope of twenty feet horizontally for each allowable foot of elevation gain), together with all necessary rights of ingress and egress by land or air for the general public and the Grantee and its employees, and agents, for the use, operation, maintenance and improvement of said airstrip, camping area, and air navigation facility.

TO HAVE AND TO HOLD the said right of way, privilege and easement with the appurtenances unto the Grantee, and to its successors and assigns, for so long as the premises shall be used as an airport, camping area or air navigation facility as herein provided.

It is agreed that the party of the Grantor, its successors or assigns, will not construct, build or in any way erect buildings, shelters, or any manner of obstructions on the portion of the property bordering the said easement which might become obstructions to the normal and safe operation of the aircraft.

IN WITNESS WHEREOF, The Grantor has caused its
corporate name to be hereunto subscribed by its _____
President and by its _____ Secretary, the _____
day of _____ 1988.

in such ratio as defendants Roy Vader and Ona Vader, his wife, may elect from time to time during each irrigation season, but not so as to exceed a diversion of more than the total quantity of water hereby awarded; said water right is designated as Water Right No. 3-B.

-5-

That the water rights in this decree before awarded and decreed to defendants Roy Vader and Ona Vader, his wife, are subject to the following restriction, limitation and condition, to-wit: Whenever the amount of water that would otherwise and except for this restriction and limitation be available for diversion by plaintiff at its headgates on Salmon River shall be less than enough to furnish plaintiff with its total water right of 3280 miner's inches, or 65.6 cubic feet per second (being Water Right No. 1 and Water Right No. 3-A as hereinbefore decreed and designated,) then the said defendants Roy Vader and Ona Vader, his wife, and their successors in interest, shall allow to go down stream to plaintiff's headgates, and plaintiff shall be entitled to divert regardless of the priorities awarded to said last named defendants, all of the waters of Salmon River (meaning all water in Salmon River excepting that contributed by Smiley Creek and Pole Creek) together with one-half of the waters of Smiley Creek and Pole Creek (said one-half being measured above the highest headgates of the defendants) or so much thereof as may be required to completely fill plaintiff's said Water Right No.'s 1 and 3-A as hereinbefore decreed and designated, provided that said condition and limitation does not impair and shall not be construed as in any way impairing the absolute priority of plaintiff's Water Right No. 1 of 1280 miner's inches (25.6 cubic feet per second) of the year 1912 over any water rights of the said defendants.

THIS INDENTURE, made this 18th day of September, 1964, between the Salmon Falls Sheep Company, County of Blaine, State of Idaho, the party of the first part, and the Department of Aeronautics, for and on behalf of the State of Idaho, party of the second part, WITNESSETH:

WHEREAS, there is proposed to be constructed on said premises a landing strip and air navigation facility for the use of aircraft which it is deemed desirable to maintain and operate for the benefit of the public;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) and other valuable considerations to them in hand paid, the receipt whereof is hereby acknowledged, the party of the first part does hereby grant to the party of the second part the right of way, privilege and easement of maintaining, constructing, operating and using the landing strip and air navigation facility located upon the following described premises situated in the County of Blaine, State of Idaho, to-wit:

A tract of land lying within the SE $\frac{1}{4}$ of Section 22, the E $\frac{1}{2}$ of the NE $\frac{1}{4}$ of Section 27, the SW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 26, and the NW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 26, all in T.7N, R.14E, B.M., Blaine County, Idaho, being more particularly described as follows:

Beginning at a Section Corner marked by a General Land Office 1918 brass cap designating the Corner common to Sections 22, 23, 26 and 27, T.7N, R.14E, B.M., Blaine County, Idaho. Said Section Corner lying on an assumed bearing of North 0° 00' from a similarly marked $\frac{1}{4}$ -section corner common to Sections 26 and 27.

Thence on a bearing of N89°40'W along the Section line a distance of 742.32 feet to a point on the easterly side of the tract of land which is the real point of beginning; Thence on a bearing of S24°56'E a distance of 3,035.30 feet to a point; Thence on a bearing of S65°04'W a distance of 200 feet to a point; Thence on a bearing of N24°56'W a distance of 5,400.00 feet to a point; Thence on a bearing of N65°04'E to a distance of 200.00 feet to a point; Thence on a bearing of S24°56'E to a distance of 2,364.70 feet to the real point of beginning, comprising a tract of land 200.00 feet wide and 5,400.00 feet long.

An additional one or two acre rectangular space along the western side of tract of land to accommodate aircraft tie-downs and hangars is incorporated in the easement as well as a recreational taxi-way from the landing strip to the eastern bank of the Salmon River.

AND, IN ADDITION THERETO, the party of the first part grants to the party of the second part an airspace easement or ground-use control of that area extending longitudinally from each end of the runway which is legally known as the "runway approach zone" and through which aircraft must traverse without hazard to either landing or take-off from the above described premises.

DIRECTIONS TO PROPERTY / REMARKS:

On 1/27/93 I met with Mr. Clayton and we measured the two pumps which divert water from the Salween River. The larger diesel pump irrigates the airstrip and the smaller portable gas pump irrigates the park/campground. Due to the limited time for irrigation because of the use of the area the questions are relatively large for a short period of time. Clayton is dicated that in 1993 he was watering about 20 hrs /wk during Monday & Tuesday.
