RE: SRBA Claim A71-00062C

Dear Mr. Welsh:

Please find enclosed the three documents which we discussed in our phone conversation this day which I indicated I would send you.

The first is a draft SRBA claim for a portion of old decree 71-00062. This right appears to be appurtenant to the lands occupied by the airport at Smiley Creek. By claiming this right it will allow me to recommend the full diversion capacity of your pumps presently diverting water from the Salmon River. I have drafted the claim as we discussed. Please look it over and if it suits your needs, then sign it before a notary and return it to my office with a check for \$50.00 payable to the IDWR.

The second document is an extension of time request so that the late fee for the above described claim can be waived. Please sign it and return it with the claim.

The last document is a change of address form. This will correct the address on your other claim (A71-00060C). Please sign the form and return it with the other documents.

If you have any question regarding any one of these forms please feel free to contact our office.

Sincerely,

Allen Merritt, PE

RE: Amended preliminary recommendations for 71-00060C & 71-00062C

Dear Sirs:

Recently IDWR held a public meeting to discuss preliminary recommendations for irrigation and other type water rights in the Stanley, ID area. During this meeting a Mr. Young worked with one of our agents and identified a diversion point legal description error on the original claims and our draft recommendation.

I am writing to acknowledge this Notice of Error and provide copies of the corrected draft recommendations. Please note that I have modified both claims to reflect pump-type diversions located in the SWNE & NESENE of Section 27 (T7N, R14E). Originally we identified two pumps in the NESENE only. During the editing process for right 71-00062C I observed that the priority date was incorrectly recommended as 6/1/1918. DOT had correctly claimed the date as 8/30/1933, pursuant to the Breckenridge vs Williams decree; however, a clerical error during transcription resulted in the incorrect date being inserted. I have rectified this error and the draft recommendation now states the correct date, 8/30/1933.

Please review the updated draft recommendations for completeness and accuracy. If you have any questions or need further assistance please get in touch with this office. Thank you for your interest and participation in this process.

Sincerely,

Douglas Jones, P. E.
