Case No. 39576	)	MOTION TO ALTER OR AMEND
	)	SPECIAL MASTER'S REPORT AND
	)	RECOMMENDATION

The State of Idaho, Department of Lands ("IDL"), by and through the undersigned deputy attorney general, hereby moves to alter or amend the *Special Master's Report and Recommendation*, issued on April 16, 2013 ("Recommendation"). This motion is made pursuant to SRBA Administrative Order 1 § 13(a) and Rule 60(a) of the Idaho Rules of Civil Procedure.

The purpose of this motion is to correct typographical errors in the Recommendation. On March 8, 2013, IDL filed a *Standard Form 5 -- Stipulated Elements of a Water Right* to resolve IDL's objection in this subcase. The Idaho Department of Water Resources concurred with the Standard Form 5. The place of use in the Recommendation is different from the place of use in the Standard Form 5 in three respects due to be clerical errors.

1. The place of use for industrial from storage does not identify Township 38 North, Range 2 East, Section 12, SENE. This location should be identified in the place of use for industrial from storage.

2. In the place of use for fire protection from storage, Township 38 North, Range 2 East, Section 14, NENW is identified twice. The quarter-quarter should be identified once.

3. In the place of use for fire protection from storage, Township 38 North, Range 2 East, Section 14, NWNW is identified twice. The quarter-quarter should be identified once.

The place of use for industrial from storage should be identical to the place of use for fire protection from storage.

IDL respectfully requests that the Recommendation be amended to reflect the elements as set forth in the Standard Form 5.

DATED this 29th day of April, 2013.

TYSON K. NELSON
Deputy Attorney General
