RE: Snake River Basin Adjudication Claim No. A02-10050

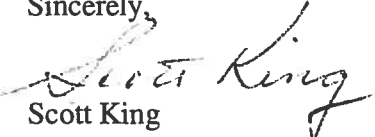

Dear Sir or Madam:

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer-generated print out of the claim(s) for your reference only, this print out is not to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority to be submitted at this time.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area are now being conducted by Departmental water resource agents.

The required evidence supporting the priority date(s) requested needs to be submitted by August 29, 2003. Please let me know if you may not be able to submit proof of priority, or have any questions not covered by this letter and the enclosed pamphlet, by the date above. I can be reached by mail at the above address or by phone at (208) 327-7897.

Sincerely,

Scott King
Engineer, Technical I

RE: My letter of 7-9-2003 requesting evidence of priority

DATE: 8-4-2003

NAME OF PARTY: Larry Bauer

I sent letter requesting evidence of priority. Larry called me and explained that during filing, the office (western) ^{showed} ~~provided~~ him old aerial photography that confirmed his right. I explained I could get '68 or '67 photography of his area, and would recommend based on date of evidence gathered. He was okay with that. And he won't be sending anything - ~~I~~ I should find old photos.

End.

Re: Snake River Basin Adjudication (SRBA) - Canyon County
Identification Number Change

Dear Mr. and Mrs. Bauer,

The identification number of your Notice of Claim to a Water Right has been changed from A63-21022 to A02-10050. The Idaho Department of Water Resources assigns "administrative basin numbers" that represent a particular geographic location within the state. The "basin number" is used as part of the identification number of the water right. During the process of investigating your claim, it was discovered that your right is in "Basin 02" rather than "Basin 63". This change does not affect your claim in any other way.

Enclosed is a computer-generated copy of your claim with the new identification number. Refer to this record number in any future inquiries or correspondence. Please do not hesitate to contact this office, if you have any questions.

Sincerely,

Roxanne McCarthy
Sr. Water Resource Agent
Adjudication Bureau
