SUBJECT: CDA-Spokane River Basin Adjudication Claim No. 94-8703

Dear Mr. Maxey,

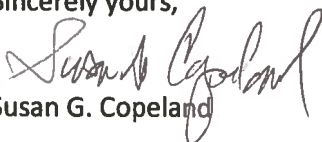

The well on the property in question at 2943 Montgomery Gulch was drilled by United Drilling in August, 1983. The Well Driller's report that you included in your letter of April 30, 2013 is correct in all respects except the following:

|                   |               |             |               |
|-------------------|---------------|-------------|---------------|
| Well Owner:       | Curt Copeland | is actually | Kurt Copeland |
| Location of Well: | NWSW 31-49-3  | is actually | SEnw 27-49-3  |

Prior to drilling the well, we used our surface water, West Fork Montgomery Creek and a claim to this water was issued in 1982-1983. When we spoke today you indicated that this claim is also on file for us as we still use this water for irrigation and backup.

If there is any other information you may require, please let me know

Sincerely yours,

  
Susan G. Copeland
