Subject: Season of Use

Review of the claims & licenses finds there is a large variation in the season of use for this area with little reason. In an effort to standardize I contacted Mark Moulton, USFS, to provide insight. We discussed the "Sawtooth Nat'l Forest" Map which provides a season of use for the campgrounds generally 6/15 to 9/15 which is more restrictive than the water rights. Mark indicated the use of the campgrounds is dictated more by weather & budget of the USFS. He indicated that the Map's season would be more of an indicator that the campgrounds would be open. From our conversation and review of the licenses it appears three situations exist: 1. Handpumps; 2. Pipelines; 3. Organization camps. Generally Organization camps can be year-round - Allow 1/1 - 12/31. Generally Pipelines are shut off early to prevent damage and handpumps are used until weather prevents access. Mark indicated that the license appears to support that use starts around 5/1 and pipelines generally shut off after Labor Day (9/30) reasonable and handpumps used into hunting season until snow limits access, (10/31) reasonable.

Organization camps 1/1 to 12/31

Hand pumps 5/1 to 10/31

Pipelines 5/1 to 9/30
