To Whom it may concern

This is my statement as to irrigation
on lot 2 Sec 30 T4S R1E.

Lot 2 had approximately 20 acres irrigated through
the 47 yrs of knowledge of the property.

How ever my grandfather irrigated another 5 acres
behind the Hill when he owned lot 1 and 2 together.

This was before 1900 and was bought in the late
1920 By my grandfather
