Memorandum For Record

Subject: Telephone conversation regarding well(s) for Adjudication Claim 94-8954

1. I received an incoming telephone call from Lawanna Watts during the work-week ending June 14, 2013. Mrs. Watts called in response to my request that she contact me in a June 10, 2013 IDWR letter addressed to Sherman Watts and Lawanna Watts.
2. Mrs. Watts and I discussed corrections to her Adjudication claim. She indicated during the telephone conversation that both wells in their Claim (94-8954) were constructed by or for a prior owner of their property. Lawanna Watts said they had used the water from both wells in a '...school bus...' on their property before a building was constructed.
