DESCRIPTIVE SUMMARY

This is a stipulation to resolve the objection to water right number 36-00135B.

STIPULATION

To resolve the dispute over the above-captioned water right, the Idaho Department of Water Resources (IDWR), and Walter W. and Margaret Candy (the claimant/objector) stipulate and agree that:

1. The Standard Form 5 for water right no. 36-00135B, attached hereto and incorporated by reference herein, sets forth the description of the water right as agreed by IDWR and the parties. All decrees, whether partial or final, should describe the water right as shown in the standard form 5.

2. The Standard Form 5 and this stipulation have been reached through good faith negotiations for the purpose of resolving legal disputes, including pending litigation, and all parties agree that no offers and/or compromises made in the course thereof shall be construed as admissions against interest or be used in any legal proceeding, and that this agreement is not and shall not be used as precedent for resolution, either through settlement or litigation, of any other claim to a water right.

3. All parties agree to bear their own costs and attorney's fees in connection with this matter.

4. The Standard Form 5 and this stipulation were entered into and executed voluntarily by all parties in good faith, and without any fraud, misunderstanding, overreaching, misrepresentation, duress, or undue influence whatsoever.

Dated this 24 day of August, 1995.
