Re: Evidence of Priority Date and Historic Use

Dear David:

The motions to file late Notices of Claim to a Water Right (claims) 1-10620, 1-10621, 1-10622, 1-10623, 21-13161, 37-22806, 63-33732, 63-33733, 63-33734, 65-23531 and 65-23532 were recently granted by the Snake River Basin Adjudication Court. As you know, the next step in the process is for Idaho Department of Water Resources to investigate the claims.

While many of the elements of these claims can be verified with existing records, additional documentation is needed to establish the priority date and the quantity of water that has been beneficially used under these claims for the purposes of use claimed. Please obtain this information from your clients, and send the documentation to my attention at the address below no later than July 12, 2013:
