IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT
OF THE STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

In Re SRBA	)	Sub-case Nos. 34-10717
	)	34-10807
Case No. 39576	)	
	)	IDWR'S REPORT RE CONSUMPTIVE
	)	USE VOLUME FOR SMALL DOMESTIC
	)	AND STOCKWATER RIGHTS

DESCRIPTIVE SUMMARY

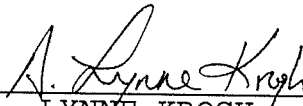

This document is the report requested by the special master regarding consumptive use volumes for small domestic and stockwater rights.

REPORT

At the hearing on the Standard Form 5 submitted in these subcases, the special master asked whether IDWR could develop standard language that would set an appropriate "cap," stated in acre-feet per year, for annual volume of consumptive use for domestic and stockwater rights. IDWR responded that it would need some time to investigate the information resources available before it could provide the court with appropriate standard language. The court further requested that IDWR report to the court by March 24, 1995, as to a schedule pursuant to which IDWR

could provide the court with appropriate standard language. Based on IDWR's preliminary investigation as to the information resources available, and IDWR's calendar of other pending matters in the SRBA, IDWR reports that a deadline of April 21, 1995 would allow sufficient time for its staff to review the information available and to provide the court with standard language that would set an appropriate "cap" for annual volume of consumptive use for domestic and stockwater rights.

DATED this 23rd day of March, 1995.
