A motion for premission to file a late notice of claim requires you to certify that it is well-grounded in fact; is warranted by existing law or a good-faith argument for the extension, modification or reversal of existing law; and is not filed for any improper purpose, such as to harass, cause unnecessary delay or needlessly increase the cost of litigation.

Fill out the form completely and attach all fees or the court will not accept the motion for filing. The Verification and Certificate of Mailing must be completed.
