We are reviewing your Notice of Claim. It appears that there are two water rights described, one for groundwater (a well) and one for surface water (a pond). Two claims are needed to protect these rights. We can recommend the water right for the pond for domestic and stock water use. If there is a well, then we suggest that an additional claim be filed for that right. A claim form is enclosed or you can file on-line.

Sincerely,

Kenneth Knoblock
Water Right Supervisor
